Neglect of Orders Causes Another Frightful Wreck on the Big Four Road.

KILLED IN A TRAP

Freight Train Crashed Into Construction Special in Deep Cut.

BUT TWO WERE UNHURT

[By Associated Press to The Gazette.]

Peoria, Ill., Nov. 19.—Thirty-one men were killed and at least 15 injured in a head-end collision between a freight train and a work train on the Big Four railroad, between Mackinaw and Tremont this afternoon. Bodies of 26 of the victims have been taken from the wreck, which is piled 30 feet high on the tracks. Five bodies yet remain buried under the huge pile of broken timber, twisted and distorted iron and steel.

On a bank at the side of the track lie the bodies of the victims, cut, bruised and mangled in a horrible manner. So far 12 only have been identified, the remaining being unrecognized even by those who knew them in life and are aware that they are now among the dead.

All the dead and most of the injured were members of the work train, the crews on both engines jumping in time to save their lives. The collision occurred in a deep cut, at the beginning of a sharp curve, neither train being visible to the crew of the other, until they were within 50 feet of each other. The engineers set the brakes, sounded the whistles, then leaped from their cabs; the two trains striking with such force that the sound was heard for miles.

Disobedience the Cause.

A second after the collision the boiler of the work train engine exploded, throwing heavy iron bars and splinters of wood 200 feet.

Conductor John W. Judge of Indianapolis, who had charge of the freight train, received orders at Urbana to wait at Mackinaw for the work train, which was due at 2:40 p. m. Instead of doing this he failed to stop. The engineer of the work train, George Becker, had also received orders to pass the freight at Mackinaw, and was on the way to that station. The work train was perhaps five minutes late, and was running at full speed.

The collision was witnessed by Russell Noonan, a farmer's boy, 14 years old, who hastened to a nearby house and telephoned to Tremont. A special train with four physicians was made up in a few minutes, and in less than half an hour was on the scene.

At the same time another train arrived from Pekin bearing Supt. C. H. Barnard of the Big Four, and three physicians. The second train bore a lot of rugs, and these were utilized to carry out the mangled corpses of the victims.

After working two hours the remains of 26 men were taken out.

Awful Scenes at Wreck.

One of the last bodies recovered was that of William Bailey of Mackinaw, who had been lifted 30 feet into the air and held in place by two steel rails which had been pushed up between the engine and the tender of the work train.

The workmen had been engaged in laying steel rails at different points along the track and three of the freight cars were heavily loaded.

The injured were taken to the two cabooses of the relief trains, where temporary hospitals were improvised and their wounds taken care of. One caboose was taken to Morton, while the other was taken to Tremont. The dead will lie on the bank all night, or until the arrival of the coroner of Tazewell county, in the morning.

The dead are residents of neighboring towns and the scenes about the wreck this evening were beyond description. Wives and children of men who were missing thronged around, asking if their husbands or fathers had been killed. Out of 35 men who constituted the crew of the work train only four are living, and two of these are seriously injured.

Wreckage is strewn along the track for a distance of nearly 200 feet, and it will be 24 hours before it can be cleared.

REYES CANNOT LAND AT COLON

Another Party of Peace Commissioners from Colombia.

SEEK AN INTERVIEW

[Associated Press Cable to The Gazette.]

COLON, Nov. 19.—Gens. Reyes, Ospina and Holguin, appointed commissioners by the Colombian government to come to the isthmus and negotiate for terms of peace looking to the "saving of the national honor," arrived here tonight on the French steamer Canada. The peace commissioners left Savanilla yesterday without knowing the result of the conference between the peace commission from the department of Bolivar and the members of the junta on board the Mayflower. When General Reyes learned of this conference he said that he entirely disapproved of the mission of the Bolivarians.

Other prominent Colombian generals on the Canada are Sarria, Ortise, Bustamente, Angulo and Lucas Caballero. Generals Bustamente and Caballero, who are prominent members of the Liberal party, joined the peace commissioners at Savanilla.

There was great excitement on the arrival of the Canada. Hundreds of persons flocked to the neighborhood of the dock, but were prevented from reaching the vessel by marines who were landed from the United States warships as soon as the Canada was sighted. The marines now guard the wharf.

Courtesies Declined.

Capt. Merriam of the cruiser Dixie immediately went aboard the Canada and conveyed to Gen. Reyes the result of the mission of the Bolivarians. He invited Gen. Reyes and the other members of the commission to come aboard the Dixie, but the general and his companions declined the invitation. Admiral Coghlan, who had just arrived from Panama, extended an invitation to the commissioners to come aboard the Mayflower, but the admiral's invitation was also declined.

It is understood that Gen. Reyes and the other Colombian officers will remain on the Canada until tomorrow evening, possibly until Saturday evening, when they will leave for Port Limon, for which destination all had tickets.

The commissioners sent a telegram to the junta at Panama asking for a conference there tomorrow, but the Panamanian government declined to grant the request. It is expected, however, that a representative delegation from Panama will arrive here tomorrow and confer with the commissioners on board the Canada.

The Colombian generals were not permitted to land at Colon and it is considered absolutely certain that their mission, like that of the commissioners from the

ANGERED MOTOR STRIKERS BOLDLY ATTACKED POLICE

While the Leaders Were Discussing Arbitration the Rank and File Fought Desperately in Chicago's Streets.

[Special Telegram to The Gazette.]

CHICAGO, Ill., Nov. 19.—While the mayor, aldermanic commission, traction officials and strike leaders were discussing arbitration of the big motor strike difficulties this evening the most serious riot since the attempted tie-up of the Chicago city electric road began, took place at Thirty-eighth street and Wentworth avenue.

As a result there have been at least 25 strikers arrested, all of whom have broken heads, and three times that number are said to have suffered from the effective use of police clubs. The trouble commenced when a wrecking wagon, manned by a non-union crew and guarded by six special policemen, passed Thirty-seventh street. A crowd followed it. When Thirty-eighth street was reached 200 men were around the wagon, which they were threatening to destroy and offering violence to the men.

In the nick of time two cars carrying 18 policemen arrived. The crowd drew back and allowed the wagon to pass. Soon after the wagon and cars carrying the officers had left Thirty-eighth street two cars came up from the opposite direction. As they were crossing Thirty-eighth street the mob let fly a shower of stones, demolishing the car windows and causing four passengers on the first car to flee for their lives.

The mob then swarmed upon the cars and had begun to beat the train crews when the two cars with the policemen and the crew of the wrecking wagon came hurrying back. The mob, which had greatly increased by this time, was in an ugly temper and refused to move.

The police drew their revolvers and clubs and charged at once. The mob used stones and epithets while the police swung their clubs with vigor. There was a warm fight, which lasted about two minutes, and then the mob broke and those not held by the police fled in all directions.

After and all-day session of the board of directors of the company, at which the proposition submitted by the strikers to Mayor Harrison, stating terms on which they would settle, was considered, a counter proposition was prepared by the officials of the company and sent up to the mayor tonight.

As soon as the document was received at the city hall the executive committee of the strikers' union was sent for, but as only about half the members of the committee put in an appearance no action could be taken on the answer of the committee until tomorrow morning.

The demand for a sympathetic strike to aid the former employes of the Chicago City Railroad Company was refused tonight at a meeting of the members of the union employes on all the lines running through the north section of the city. Instead of taking such summary action the North Side men decided to give their striking brothers financial aid, and to this end $10,000 was voted the strikers.

ROADS CUT RATES ON STEEL FOR ABROAD

Manufacturers and Transportation Companies Agree on 33 1-3 Per Cent.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 19.—A cut of 33 1-3 per cent in freight rates on all domestic steel products shipped for exports was agreed today by representatives of the Trunk line and Central Traffic association and of the steel manufacturing interests. The meeting was held in the Jersey Central building. It began this morning and was continued until 1:20 o'clock, when a recess was taken. The agreement on the reduction was reached after recess and was made public shortly after 3 o'clock. The meeting continued after that hour.

The cut represents something like half the difference between the reduction which the steel interests had been talking of asking for and the percentage which railroad interests had talked of allowing.

The argument made to the railroads has been that the additional tonnage gained would fully compensate for the lower rates. The lowering of the freight rates is not expected to result in changing the prices of finished steel products, but to make wages and local prices more stable.

ONLY A THOUSAND MEN DEFEND SAN DOMINGO

Revolutionary Forces Continue Assault Daily on Capital. Situation Desperate.

[Special Cable to The Gazette.]
(Copyright, 1903, by New York Herald Co.)

PUERTO PLATA, Nov. 19.—Guelito Pachardo has been appointed commander of the revolutionary forces which are besieging Santo Domingo city. President Gil has only 1,000 soldiers defending the capital. Fighting takes place there daily. The city is short of provisions.

The United States gunboat Newport has sailed for the Dominican capital to take the place of the cruiser Baltimore which goes to San Juan, Porto Rico to coal.

SAN DOMINGO, Nov. 18.—Yesterday, at noon, another severe attack was made on the city without effect. The rebels had many killed and wounded, but the government losses were small. The firing continued during the night, the insurgents using heavy cannon. The situation here is desperate. The poor are suffering for necessities and prices of provisions are rising. The sanitary condition of the city, however, is good.

WASHINGTON, Nov. 19.—Captain Briggs of the cruiser Baltimore, now at San Domingo city, today cabled the navy department that he will leave there on Saturday next for San Juan, Porto Rico, to take on coal.

SOON TO BE ABSORBED.

Republic Company Will Shortly Be Part of United Steel Corporation.

YOUNGSTOWN, O., Nov. 19.—(Special.)—John F. Naylor, vice president and treasurer of the Republic Iron and Steel Company here, has gone to Cleveland to confer with C. W. French, head of the executive board of the company, and will later go to Chicago to arrange further details for the taking over by the United States Steel Corporation of the big Republic company and the Youngstown Iron, Sheet and Tube Company.

In local steel circles it is reiterated that the Rockefellers, already claimed to be holding the power of the steel corporation, are after the biggest rival. It is also evident that John W. Gates is working with the Rockefellers in the deal.

MOVE FROM CHILKAT.

Canadian Government Withdraws Its Police from U. S. Territory.

OTTAWA, ONT., Nov. 19.—The minister of the interior has given orders for the abandonment of the mounted police post at the junction of the Klehent and Chilkat rivers which has been found by the decision of the Alaska tribunal, to be seven miles within United States territory.

A second post at the junction of the Klehent and Glacier rivers may also have to be vacated, but the exact determination of the boundary at that point has not been settled.

HOUSE PASSES CUBAN TREATY

President's Policy Is Indorsed by Vote of 335 to 21.

NAYS ON BOTH SIDES

Brilliant Debate Characterizes Final Consideration in Lower Branch of Congress.

SPEAKER CANNON IS LENIENT

[By Associated Press to The Gazette.]

Washington, Nov. 19.—The house today by a rising vote of 335 to 21 passed the bill to make effective the Cuban reciprocity treaty. The dissenting votes were about equally divided between Republicans and Democrats, but there was no record vote, the minority having too few votes to order the yeas and nays.

The Democrats, under the leadership of Mr. Williams, sought to the last to secure amendments to the bill in accordance with the action of the Democratic caucus, but were defeated steadily. Mr. Williams made the final effort when he tried to have the bill recommitted to the ways and means committee with instructions to amend, but a point of order under the special rule providing for a vote on the bill without intervening motion was sustained.

Mr. Cannon received the applause of the Democratic side when he entertained the appeal from his ruling made by Mr. Williams, the speaker saying he preferred to err, if he erred at all, in giving the house the right to express its will. The appeal was tabled by a strict party vote.

The debate begun Monday was continued up to within a few minutes of the hour of 4 o'clock, the time appointed to take a vote on the final passage of the bill.

Broussard Opens Debate.

Mr. Williams closed the debate for his side and made an arraignment of the Republican policy of protection. McCall (Mass.) made the closing speech on the Republican side, others speaking on that side being Mr. Hepburn (Iowa) and Watson, Ind. Mr. Broussard, (Dem. La.) opposed the bill and Mr. DeArmond (Dem. Mo.) supported it.

Mr. McClellan, mayor-elect of New York City, occupied the speaker's chair for a while today as chairman of the committee of the whole house.

Mr. Broussard (Dem., La.) opened the debate when the house resumed consideration of the Cuban bill today. He opposed the measure, and said it was not in line with Democratic tariff reform. He said the president had infringed on the rights of the house. The trust, he said, would profit by the reduction of the tariff on sugar and no benefits would accrue to the consumer.

Mr. Hepburn (Rep., Ia.) followed, stating at the outset of his remarks that he would vote for the bill, but with reluctance. He said he was not one of those who believed we owe Cuba anything. This country had spent $500,000,000 or $400,000,000 and sacrificed many lives that Cuba might be relieved from oppression. He said he believed in Republican reciprocity—the reciprocity of McKinley. In this connection he quoted from the speech made by the late president at Buffalo.

Hepburn a "Stand Patter."

He declared that there was nothing in that speech that differed one jot from the established policy of the Republican party; there was absolutely nothing in that speech to show that McKinley was approaching free trade. He (Hepburn) believed in protection as advocated by the Republican party, but there was no sanctity or sacredness in schedules and he cited the number of times they had been changed. He reviewed the history of tariff legislation, comparing the balances in favor of this country under Republican policies with those under Democratic control. This country is no longer a debtor nation, he said, and the Republicans had changed all this. He was one of those who believed in letting well enough alone.

Mr. Sulzer (Dem., N. Y.) said he would vote for the bill, as it was a little step in the right direction. But for the cast iron rule which, he said, had been adopted by the majority he would propose amendments abolishing the differential and color restrictions on sugar, which he said, shelters monopoly. He declared that the majority was afraid to go on record on the amendments the minority sought to impose.

"What a spectacle of commercial selfishness, monopolistic greed and political short-sightedness the Republican party presents today," he said, "when it is so wedded to its protective tariff policy that apparently it would rather witness injury to Cuba than to break down its present system."

Justice to Struggling People.

Mr. Watson (Rep., Ind.), one of the new members on the ways and means committee, favored the bill because the 20 per cent reduction proposed will not injure the sugar industry. It did not interfere, said he, with the protective tariff, but would do justice to a struggling people. There was no reason, he continued, why the tariff should be revised at this time.

Mr. Williams (Dem., Miss.), leader of the minority, answering a statement on the Republican side that the Democrats forced the talking on this bill, said he had offered to have a vote on the minority amendment and then vote on this bill without debate.

Replying to Mr. Watson, Mr. Williams said: "Protection is a system of taxation whereby many are robbed in order that a few may be hot-housed by legislation into artificial prosperity."

Mr. Williams charged that the Republicans did not dare enter on tariff revision for fear it would open the doors to too extended revision. The Republicans had a majority in the house and senate and a "very large majority in the

LIMIT REACHED IN CONVERSION

The Steel Bond Syndicate Is Notified to Cease Operations.

STATEMENT BY GARY

Points in Steel Conversion Plans

Salient features of the abandonment of the $200,000,000 stock conversion scheme of the United States Steel Corporation by the Morgan syndicate are:

First—Steel Corporation asks Mr. Morgan to stop selling its bonds at recent low prices.

Second—Morgan firm accedes to request and thereby waives opportunity to make about $10,000,000 in profits for his syndicate.

Three—So far only $150,000,000 of preferred stock has been converted into bonds, or which $3,611,500 remains to be sold.

Fourth—Whole conversion scheme turned over to the Steel Corporation, to conduct at its pleasure.

Fifth—Eighty million dollars of bonds remain to be distributed, of which $30,000,000 have to be sold at par for cash.

Estimated profits to the Morgan syndicate up to date $12,800,000.

[By Associated Press to The Gazette.]

New York, Nov. 19.—Judge E. H. Gary, chairman of the board of directors of the United States Steel Corporation, gave out the following statement today in regard to the syndicate contract for the conversion of steel preferred stock into second mortgage bonds:

"At a meeting of the finance committee of the United States Steel Corporation held yesterday it was (by unanimous vote) decided to suggest to Messrs. J. P. Morgan & Co. that the syndicate contract for the conversion of preferred stock into second mortgage 5 per cent bonds should be canceled and terminated beyond the amount of $150,000,000, which figure has very nearly been reached.

"Messrs. J. P. Morgan & Co. immediately acceded to the request of the finance committee and no further exchange will be made for account of the syndicate beyond the amount stated.

"The matter now stands as follows: $146,388,500 bonds have already been issued in exchange for stock received and canceled; $3,611,500 remain to be issued in exchange for preferred stock to be converted by the syndicate; $2,902,000 bonds sold at par for cash and paid for in full October last and already issued; $17,098,000 bonds sold at par for cash upon which 25 per cent was paid to the corporation October 1, and which will be issued when ever the remaining 75 per cent shall be called for and paid. Making a total issue of $170,000,000 outstanding.

"The balance of $30,000,000 of bonds available for sale for cash will be executed as stipulated in the indenture and be placed in the treasury of the corporation as an asset.

"This will make a total of $200,000,000 of bonds issued. The $30,000,000 remaining available for exchange for preferred stock will be held subject to the exclusive right of the corporation itself to deal with from time to time as the board of directors may see fit.

"It is not the present intention of the corporation to make any further conversion of preferred stock into bonds."

By converting $150,000,000 of 7 per cent preferred stock into 5 per cent bonds the corporation effects a yearly saving of $3,000,000. The statement shows that $20,000,00 of new bonds have been sold, which called for interest charges of $1,000,000 a year, so that the net saving in this item is $2,000,000 a year.

It is further estimated that if the corporation should sell the $30,000,000 bonds now in the treasury, with additional interest charges of $1,500,000 a year, there would still be a yearly saving in interest of $500,000. A leading member of the syndicate said:

"An important factor is that $150,000,00 of preferred stock has been taken out of the market and so placed that, year by year, it will be entirely wiped out through the effect of the sinking fund provision in the bonds."

WAS SLAIN IN LONELY TOWER WHILE CALLING FOR HELP

Operator Died, However, Before He Could Send the Name of His Murderer to the Next Station on the Line.

[Special Telegram to The Gazette.]

WILLIAMSPORT, PA., Nov. 19.—At a lonely signal tower at Brown, Pa., on the New York Central railroad in Clinton county, W. H. Clendenin, the operator, was found dead shortly after 7 o'clock tonight.

At 6:50 the operator at Oak Grove, Pa., on the same road, received this message from Clendenen:

"Send switch engine quick to me, I am being murdered by——"

The wire opened and not another word came. A switch engine was sent to the scene and reached Brown in short time. Clendenen's body was found lying under the desk, the head crushed in. A bloody spike sledge lay on the floor beside it. Robbery apparently was the motive, the watch and money of the operator being missing.

A freight conductor saw a well-dressed stranger whom he described as being about 5 feet 8 inches in height, with light moustache, loitering near the tower 15 minutes before the murder. No trace of the murderer has been found.

Clendenen resided in Jersy Shore. He was 28 years of age and single, and the sole support of a widowed mother. He evidently recognized his assailant, and was about to wire his name when he was struck dead at the key.

Late tonight a man was apprehended at Allenwood, a hamlet, 25 miles south of Williamsport, who is suspected of the murder. The man answers the description given of the murderer. He is said to have boarded a Pennsylvania railroad freight train at Brown, and when he reached Allenwood he crossed over and boarded the Philadelphia & Reading train. He claimed he was going to Shamokin, Pa. He is being held in jail at Allenwood.

PITTSBURGHERS PLAN ANOTHER MEXICAN ROAD

J. P. Loder Heads Ambitious Project to Develop Mining Territory.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 19.—Pittsburghers are to build another extensive electric railway system in Mexico.

As recently exclusively announced in The Gazette the Mexican Traction Company was organized by a Pittsburgh syndicate, composed of James Bolivar, Julius Bieler, Reuben Miller, James H. Park and Frank B. Smith for the purpose of building about 100 miles of line in Mexico City.

The latest project is that of the Mexican Construction Company, whose headquarters is in Pittsburgh. The president of the company is J. P. Loder. The company, which owns extensive mining lands in the state of San Luis Potosi, is to construct a line between Victoria and Salinas. The road will pass through the towns of Tula and Guadalcazar. Its length will exceed 100 miles. The system will open up one of the richest sections in the southern republic, where at present progress is hampered by the lack of transportation facilities.

In the Sierra Madre range, through which the electric road will pass, more than 40 claims have been staked out by the Pittsburgh concern. The ore taken from some of these claims is stated to have assayed at a very high percentage. Because of the primitive mode of transporting the ores, however, few of the claims are being operated under existing conditions.

CARNEGIE WASHINGTON COMMITTEE WILL MEET

WASHINGTON, Nov. 19.—A meeting of the executive committee of the Carnegie institute has been called for Monday next in this city. It is said that matters of vital interest will be considered, among others the effect upon the income of the institution of the fluctuations in securities which form the basis of the endowment of the institute.

THREE FROZEN TO DEATH IN WESTERN BLIZZARD

APPLETON, MINN., Nov. 19.—Two deaths from freezing are reported from Hegbert, north of here.

PALMER, IA., Nov. 19.—I. E. Heinrichs, a German farmer living near here, has been frozen to death. Heinrichs was driving home from Mason, when the team ran into a ditch throwing him into a pool of water. He was frozen before reaching home.

HE IS CONTENT TO BE PLODDER IN THE RANKS

Senator Hanna Says He Can Best Serve His Party by Rejecting Nomination.

[By Associated Press to The Gazette.]

FORT SCOTT, KAN., Nov. 19.—After the Ohio election J. Conine of this city, an ex-Ohioan, wrote Senator Hanna urging him to become a candidate for the Republican nomination for president. Mr. Conine received the following letter from him today:

Please accept my thanks for your letter of congratulations upon the result of the recent election in Ohio. I consider the great victory there an indorsement of the principles and policies of the Republican party, and it should find an echo in the campaign of next year. Certainly all who are interested in the prosperity and development of our country agree that the Republican party should be in power and Ohio has spoken unequivocally.

While I am gratified by that element in the result which might be considered a personal vindication, it does not justify the claims of my friends with reference to the suggestion of my nomination for the presidency. I have no personal ambition to advance and my desire to serve my party constrains me to ask my friends not to place me in the embarrassing position which would result from such a movement.

TWO BANKS CLOSE DOORS.

Concerns at Elkhart, Ind., and Henrietta, Tex., in Receivers' Charge.

WASHINGTON, Nov. 19.—The comptroller of the currency has been advised that the Indiana National bank of Elkhart, Ind., did not open for business this morning. C. R. Bosworth, national bank examiner, has been directed to take charge of the institution.

The Farmers National bank, Henrietta, Texas, has been closed by direction of the comptroller of the currency. Miller Weir, national bank examiner, has been appointed temporary receiver.

PITTSBURGH TRADE INVADES FROZEN ZONE

NEW YORK, Nov. 19.—(Special.)—Westinghouse machinery is now on its way to the most northerly and the most southerly parts of the world. Steam equipment has just been shipped to Latham Bros. of Stockholm, for use in a sawmill plant in the far north of Sweden. White House." Some of the pledges of prosperity of the majority were already relinquishing. The people, he said, were beginning to find that their laws were keeping in power not only monopolies, but public chents. Referring to Mr. Grosvenor he said he was a "most exuberant prophet," adding that he (Williams) would attempt no prophesies.

Williams and Payne Clash.

Mr. Williams in supporting his contention for an amendment to the treaty said that it would take only a few weeks to secure it.

Mr Payne answered that it would take months.

"Suppose it did take months?" asked Mr. Williams, to which Mr. Payne replied:

"The gentleman is trying to help the sugar trust by his amendment."

"Well," responded Mr. Williams, "if I am, the Lord knows I am unconscious of it. (Laughter.) But I will say that the length of time it would take would depend upon the care and strenuosity brought into action at the other end of the avenue. If you could just half way approximate the celerity that has lately actuated this administration in connection with the new-born republic of Panama, you would have it back here in three days." (Laughter and applause on the Democratic side).

"But the mind of all the mighty czars in another place have not operated on this Panama business yet and they have operated on this treaty," said Mr. Payne.

"They will operate quickly in some way or other," said Mr. Williams, "provided the trust is not hurt. (Laughter and applause on the Democratic side). They are waiting for us."

Cannon Lenient With Democrats.

Twelve minutes before 4 o'clock Mr. Payne of New York announced that he did not care to consume the balance of his time and thereupon Mr. Williams moved to recomit the bill to the ways and means committee with instructions to the line of amendments previously proposed.

The speaker ruled the motion to be out of order. Mr. Williams appealed from the decision of the chair, and asked to be heard on the point of order. Mr. Payne raised a point of order, but the speaker entertained the appeal, saying that he preferred to err, if at all, in giving the house the right to express its will, although it had previously expressed itself otherwise. Mr. Williams said his motion was not dilatory, but was made because the minority had endeavored persistently to secure a vote on the amendments.

Mr. Payne moved to lay the appeal on the table, and his motion was carried by a vote of 193 to 165, a strict party alignment.

On the passage of the bill an attempt was made to secure a yea and nay vote, but only 23 members seconded the demand, an insufficient number.

The Bill Passes Finally.

William Alden Smith (Rep., Mich.) demanded a division and on a rising vote the yeas were 335 and the nays 21. This passed the bill.

It was agreed that when the house adjourn tomorrow it be to meet on Tuesday next. The house at 4:38 adjourned.

HORN WEAKENS ON LAST NIGHT

Cheyenne Jail Heavily Guarded to Prevent the Rescue of Murderer.

WILL BE HANGED TODAY

[By Associated Press to The Gazette.]

CHEYENNE, WYO., Nov. 19.—Tom Horn, the convicted murderer of Willie Nickell, and the reputed slayer of half a dozen men, realizing that all hope was gone, prepared tonight for death. The Rev. Mr. Watson of St. Mark's Episcopal church, assisted by a choir of three, held a service in the cell of the condemned cattle detective tonight, at which Horn, for the first, succumbed to religious influence.

The service was a dramatic one, and during the singing of the hymn "Jesus, Lover of My Soul," Horn first showed realization of his position. During Mr. Watson's prayer, Jim McCloud, who broke jail with Horn last summer, burst into passionate weeping. Horn himself finally knelt and prayed with the minister.

After the service Horn declared to Mr. Watson that he realized his position, and that there was no hope for him. He then told the minister he had been reading the Bible given him, and that he desired to go straight to his Maker. Horn was given letters from his two sisters tonight, one in Canada, and one in Missouri, but their farewells failed to destroy his composure.

The authorities here do not anticipate an attempt to rescue Horn tonight, but in spite of this they have taken extraordinary precautions. The outside of the jail is heavily guarded by militiamen. Inside the sheriff, his deputies and half a dozen other Wyoming sheriffs assembled here for the execution, stand ready to resist any attack.

The vigilance of the authorities and their fear of the desperation of Horn's friends is evinced by the fact that Charley Irwin, a prominent cowboy and a devoted friend of Horn's, this afternoon secured a letter from Gov. Chatterton, asking Sheriff Smaller if the latter deemed it safe, to permit Irwin to speak to Horn in his cell. This the sheriff refused to do.

All preparations for the execution are now complete and unless the unexpected happens Horn will be hanged tomorrow forenoon. Gov. Chatterton tonight requested the Associated Press to positively deny, on his behalf, any statement that may be sent out from Cheyenne to the effect that he has issued orders to the militia to shoot Tom Horn in case of an attack on the Cheyenne jail.

TRIBUTES TO THE DEAD.

Councils Hold Joint Session to Honor Late John S. Lambie and W. J. Rothweiler.

At a joint session of both branches of councils yesterday afternoon memorial addresses on the death of John S. Lambie, late president of select council, and William J. Rothweiler, a member of the same body, were read and adopted. Speeches eulogistic of the careers of the two men were made.

Thomas E. Perry was elected pro tem. of select council and Max G. Leslie, in the absence of Charles S. Crawford on account of illness, was elected president pro tem. of common council. A joint session was held, presided over by Mr. Perry.

John A. Murphy read the memorial on Mr. Lambie's death prepared by a special committee. Mr. Lambie was spoken of as a model presiding officer, considerate and fair to all members, well versed in parliamentary law. His activities were exerted in many directions, social, legal, educational and religious. The memorial expressed councils' sympathy with his mother, widow and family. Mr. Perry, Dr. W. D. O'Brien and Mr. Murphy paid tribute to Mr. Lambie.

The memorial on the death of Mr. Rothweiler was read by Dr. O'Brien, chairman of the committee. I recited his virtues as a citizen and councilman.

I. W. Shearer, common councilman from Mr. Rothweiler's ward—the Thirty-seventh—spoke of the deceased as a good man and good neighbor, respected by all the citizens of the ward, irrespective of politics. Mr. Murphy said he had known Mr. Rothweiler for 10 years, in business Mr. Rothweiler was respected by those who had dealings with him. His death was a serious loss to select council.

Both memorials were adopted by a rising vote.

ALLIANCE WITH RUSSIA.

Britain's Object to Create Issues Between France and Other Nations.

PARIS, Nov. 19.—In the presence of a crowded chamber today Deupty Deschanel Republican, former president of the chamber, began the discussion of the foreign office budget. He expressed the view that it was the policy of Great Britain to create issues between the United States, Germany and France which must aid in the rapprochement of Great Britain and Russia.

Adverting to Morocco, Deschanel said France had no intention to make war upon that country. France wished neither military adventures nor the partition of Morocco and she had no desire to conquer Siam.

It would be a crime, he added, to seek to raise issues between Great Britain and France. The relations between France and Italy were most friendly but the alliance with Russia must be the cornersotne of French policy.

JOHN H. GREEN.

Skelley of McKeesport, who is missing, together with $800, has eluded the police for over a week, private detectives who are handling the case believe that the man will be located shortly. Circulars giving an accurate description of Green have been sent to all parts of the country by the Perkins detective agency. As soon as the robbery was placed in the hands of the Perkins agency an expert was sent to Philadelphia, where valuable information has been obtained. Green formerly lived in that city. Treaty Is Approved.

WASHINGTON, Nov. 19.—The Panama commissioners, Dr. Amadoro and Frederico Boyd today consulted Minister Bunau-Varilla and Frank D. Pavey of New York, the legal adviser to the legation. It is understood that they read over the treaty signed yesterday by Mr. Hay and M. Bunau-Varilla and discussed its terms and provisions in detail. It met their hearty approval.

The first five articles of the Hay-Bunau-Varilla treaty deal exclusively with the question of sovereignty. In substance they are to this effect:

Article I.—The United States guarantees and agrees to maintain the independence of the republic of Panama.

Article II.—The republic of Panama cedes to the United States five miles on each side of the canal and three marine leagues at each terminal and also any other lands necessary to the construction or maintenance of the canal and its auxiliaries.

Article III.—The republic of Panama grants to the United States the right to exercise the same power and authority over such lands "as if it were sovereign" and to the exclusion of such power by Panama.

Article IV.—The republic of Panama grants to the United States the use of all the rivers, streams and waters for navigation or so far as is necessary to the construction of the canal and its auxiliaries, including purposes of sanitation.

Article V.—The republic of Panama grants to the United States in perpetuity a monopoly of any system of communication across its territory by canal or by railroad.

To Build Water Works.

The United States undertakes to construct modern systems of sewers and water works for the cities of Panama and Colon and has the right to collect tolls for the period of 50 years, in order to pay the cost of their construction with interest. At the end of 50 years the sewers and water works become the property of the cities of Panama and Colon. The republic of Panama undertakes to compel the cities of Panama and Colon to comply with the sanitary ordinances of the United States, and if they fail to do so the United States has the right to enforce its rules and regulations in regard to sanitation.

It has been decided that the Panama canal treaty shall be ratified at Panama. The commission which arrived here last night will sail December 1 for that state, arriving there on the 7th. It is expected that between that date and December 10 the treaty will be ratified.

Other States Not Wanted.

PANAMA, Nov. 19.—It can be said authoritatively that the government of the republic of Panama will not consider any proposition from the departments of Cauca and Antioquia to join the republic.

The reasons for such refusal are clear. Panama would gain nothing, but on the contrary might become involved in troublesome, if not dangerous, war operations, as Colombia could attack Cauca and Antioquita by land.

The news of the signing of the Panama canal treaty by Secretary Hay and M. Bunau Varilla was conveyed to the members of the junta by the Associated Press correspondent and was joyfully received.

The United States naval authorities on the isthmus will not send a warship to Buena Ventura unless instructed to do so by the authorities at Washington. Naval officers here consider that the presence at Buena Ventura of the British cruiser Amphion is sufficient for the protection of Americans and other foreigners in that vicinity.

Admiral Walker says his presence on the isthmus is in no way connected with the political situation here. He says he is looking over canal matters, particularly along the lines which General Black has been following, namely the checking fo the work done daily by the French company.

ARE AFTER ZEIGLER.

Alleged Boodler's Attorneys Will Resist Requisition from Missouri.

ALBANY, N. Y., Nov. 19.—(Special.)—The requisition of Governor Dockery of Missouri for the extradition of William Zeigler, the New York City millionaire charged in that state with bribery, arrived at the executive chamber today. Attorneys for Zeigler have signified their intention to fight the application. Attorney General Crowe of Missouri will appear in behalf of the application. John M. Bowers of New York City is attorney for Mr. Zeigler.

The question of fact, on which the fate of the requisition will depend, will be in all probability whether Zeigler was in the state of Missouri at the time the crime is alleged to have been committed. The requisition papers contain an affidavit of a man named Brown in which it is alleged that Zeigler was in that state at the time. Zeigler's attorney will produce proof, it is said, to show that he was not there.

Zeigler is charged with imolication in the so-called baking powder and boodle case involving well-known men in Missouri.

HENRY PONY WINS OVER VANDERBILT

Sewickley Horseman Scores Decided Triumph at Horse Show.

ENFIELD NIPPER A WINNER

[By Associated Press to The Gazette.]

NEW YORK, Nov. 19.—Midweek at the horse show brought one of the biggest crowds since the opening, notwithstanding the fact that the card for the evening was rather poor, having on it only four classes and one of them for dealers. But Thursday night has, ever since the inauguration of the show, been the occasion for the largest gathering of horse enthusiasts, society folk and the merely curious.

Tonight proved no exception to this rule and there were few empty seats in Madison Square garden. The promenade was so crowded at times during the afternoon session and at all times during the evening that progress was difficult.

Many children were at the garden during the day, all interested in the pony class. In this class, which developed into a hot contest between Mrs. Woodend, Reginald Vanderbilt, Mrs. E. D. Jordan and the entry of the Irvington stock farm at Sendckley, Pa., Enfield Nipper, the Irvington horse, took first, while Reginald Vanderbilt with Frills took second.

Allan Forbes of Boston won the first prize in the polo pony class with Battledore. In this connection horse attendants noticed the absence of the two sons of George Gould who had ponies in the polo class last year.

Reginald Venderbilt took third prize in the class for harness horses in pairs, while Harry Payne Whitney fared even worse, his reward for exhibiting Kitchener and Kopelia being a white ribbon.

A ripple of excitement was caused late this afternoon when Sure Pop, James A. Garland's jumper jumped short and brought hurdle and rider to the ground. George Meredith, the rider, narrowly missed serious injury, by being kicked.

Reginald Vanderbilt figured prominently among the prize winners tonight when with White Oak Maid he won a second in the class for mares and geldings.

THOUGHT HE WAS CARNEGIE.

New York Inebriate's Gorgeous Dream Ends in the Alcoholic Ward.

NEW YORK, Nov. 19.—(Special.)—Having imbibed too freely, Terry Carney became imbued with the idea that he was Andrew Carnegie. He crawled along on hands and knees peering into crevices between the flagstones. Policeman Muldoon asked him what the game was.

"S-h-h-h," was the reply. "I am Andrew Carnegie. I have lost $10 000 in $1 gold pieces, and am looking for them."

The policeman took him to the station house. Reaching him on his usual barroom rail, he said: "Hoot, men, make mine a Scotch highball this time."

After taking an imaginary drink he insisted on giving the sergeant $250,000, but before he could count it out he was hustled down stairs to a cell. During the night he aroused the policemen by screaming in terror, saying that while he was asleep he had been removed to the lion house in the Bronx zoo. He was taken to the Lebanon hospital.

KUHNS REMEMBERED.

Man Who Once Carried McKinley's Love Letters Cared for by President.

CLEVELAND, Nov. 19.—(Special.)—Capt. H. L. Kuhns, formerly proprietor of the Garlock hotel here, will sail from New York Saturday a week to begin work as a state department expert accountant on the books of Porto Rican insular government.

Capt. Kuhns has been a lifelong friend of Mrs. Ida Saxton McKinley and the late president, and when a boy in 1861 carried love messages from William McKinley, then a struggling young lawyer, to Miss Saxton, at that time working in her father's bank in Canton.

Kuhns has a military record, having served in the Ohio national guard and in the Spanish campaign as regimental quartermaster in the "President's" regiment. It is out of respect to Mrs. McKinley that President Roosevelt is now honoring him.

J. Henry Stauff was elected president for the coming year. Dr. T. C. Vankirk was elected vice president, William E. Clark, secretary, and George R. Lauman, treasurer.

POPE AT ST. PETER'S.

First Appearance in Cathedral Since Coronation—Cheered by Thousands.

ROME, Nov. 19.—In the presence of about 3,000 persons the pope today made his first appearance in St. Peter's since his coronation. The congregation formed themselves into two long lines through which his holiness and the papal court passed. The pontiff was dressed in white and walked through the lines. The function was devoid of the pomp.

The pope did not ascend the throne, but immediately began to recite a prayer which was followed by the administering of the apostolic blessing.

EVICTED IN WINTER.

Destitute Woman With a Sick Child Tells Sad Story of Suffering.

Cold and hungry, Mrs. Mary Cramer of Carson street, left a one-room home last night and applied at No. 7 police station for help. She said:

"My landlord took all the furniture from what I called home simply because I could not pay rent right up to date. I got a bed to rest on tonight, but the landlord would not allow me to take it in his house."

Policeman James Conner went to the room with the woman. He found the picture as painted. The child, cradled in one corner, with old clothing for pillow and cover, suffering from an attack of paralysis, added to the sadness. The woman and child were given a good bed and warm room at the station last night.

JOHNSON LIVES TO FIGHT AGAIN

Cleveland Mayor Refuses to Remain Buried After Defeat.

HE AWAITS MORE BATTLES

[Special Telegram to The Gazette.]

CLEVELAND, O., Nov. 19.—The result of Ohio's election this fall has left but one question for decision. That is: "What will be the political future of Mayor Tom L. Johnson of Cleveland?"

The overwhelming Republican majorities over the state were at first generally admitted to be sufficient to "bury" the Democratic candidate for governor. The day after election, Democrats and Republicans joined in the chorus, "Well, that will be about all of Johnson."

The loss of his own city and county made the picture still blacker. Even some of his old-time political chiefs began to feel their faith slipping away.

But three weeks have gone by. Today there is a feeling that the political death of Mr. Johnson is still debatable.

His friends have commenced to reiterate the statement so often made by the mayor, "I am in politics for life." These lieutenants know Johnson's persevering qualities, they know he only regards the last campaign as the mere skirmish in a war against what he terms, "privileged classes." They realize that Johnson is by no means an old man, that he has plenty of resources, brain and pocketbook, alike.

The foes of Johnson likewise know his traits. They know how he stands with the people of Cleveland; his record of five successive victories in Cleveland and Cuyahoga county and the fact that many refused to vote for Johnson for governor though they favored him for mayor, all has had a discouraging effect upon them.

Johnson's record as mayor, his reforms for the benefit of taxpayers, will make him a formidable and, in fact, the only candidate for mayor on the Democratic ticket in the spring of 1905. Besides, he has plenty of time to make himself stronger and mend all defects in his party machinery between now and that election.

If he is re-elected mayor a second time, like Carter Harrison and Jones, then he will be admittedly stronger than ever. Then would he again be a possible candidate for state office. This is, in all probability, Mayor Johnson's aim.

But the Republican party of Cleveland is united. The McKisson and Hanna factions were welded together during the recent campaign. So there is a race on—a race for strength, with Johnson at the pole.

The only accessible candidate in the Republican party to defeat Mayor Johnson is ex-Mayor Robert E. McKisson. He has flocks of friends, and in case he should get Hanna's support in 1905, would undoubtedly be strong as a candidate for mayor. But he has been mayor of Cleveland two terms already.

Outside of Cleveland there is a feeling that Johnson's single tax theories are bad politics. No matter what might be said in his defense, the farmers of the Buckeye state fear single tax might make them pay more taxes.

The bitter feeling against Johnson in Hamilton county will never die. George B. Cox and Louis Bernard, it is thought, have sealed Johnson's political death without Hamilton county there is no more hope for Ohio Democracy than for a corn crop without rain.

Therefore, in the event that Mayor Johnson gets a new foothold in Cleveland, or in the event he tries to strengthen himself for another contest either for governor or United States senator, it is common belief that he must in some way surround himself with leaders that will harmonize the factions of Ohio Democracy. Some are firmly of the opinion that this cannot be done. Johnson's leaders have heretofore disregarded what has been termed the county and district "brigadier generals." Consequently his following has been termed the "New Democracy."

CANADIANS UNEASY.

Lodge's Suggestion About St. Pierre and Miquelon Causes Consternation.

ST. JOHNS, N. F., Nov. 19.—There is considerable discussion in official circles here over Senator Lodge's declaration that the United States should secure St. Pierre and Miquelon, thereby making herself completely independent of Newfoundland regarding fishery concessions, instead of allowing England to secure them. Official expressions of opinion are to the effect that Senator Lodge does not voice the feelings of the American people in this matter. It is pointed out that Newfoundland could just as completely cripple St. Pierre if it came into American possession as she is now doing, in spite of France, through the operation of her bait act. Furthermore, it is urged Great Britain and Canada would never allow the United States to secure such an outpost dominating the gulf of St. Lawrence.

Newspaper comments indicate the existence of a fear that Senator Lodge's utterances mean trouble along the lines of the recent Alaskan boundary award.

POLITICANS SURPRISED.

The Appointment They Recommended for Postoffice Recalled by Roosevelt.

KITTANNING, PA., Nov. 19.—(Special.)—A political sensation in this county is the appointment of David Reynolds as postmaster at Ford City. When A. C. Bailey resigned the position his brother, J. C. Bailey, filed an application with the department at Washington for the appointment. He was indorsed by all the business men of his town, by Congressman W. O. Smith, and many other leading politicians. His appointment was made and sent to the senate for confirmation.

His only opponent was David Reynolds, an employe of the Pittsburgh Plate Glass Company. Last Tuesday the Ford City people were surprised by the statement that President Roosevelt had recalled the appointment of Mr. Bailey and had appointed Reynolds.

REWARD FOR ATTENDANCE.

The Pennsylvania Directors Received Newly Coined Gold Piece at Last Meeting.

PHILADELPHIA, Nov. 19.—(Special.) A gold piece, fresh from the mint and nicely wrapped in tissue paper, is the reward directors receive for attending meetings of the boards of the Pennsylvania Railroad Company and the Philadelphia & Reading Railroad Company. Pennsy directors receive double-eagles and Reading directors eagles.

As board meeting seldom lasts more than three-quarters of an hour, $10 or $20 seems excellent compensation for the time devoted to them by directors.

Allegheny Teachers' Salaries.

The committee on teachers and salaries of Allegheny last night adopted the schedule of salaries now in force for the year commencing June 1, 1904. This is an estimate of the expenditures for the year: Principals and teachers' salaries, day schools, $287,500; teachers' salaries, evening schools, $8,000; officers and special teachers, $11,700; allowance for growth of schools, $6,000; total, $307,700.

ELECTRICITY KINDLES FIRE IN WRECK DEBRIS

Two Men Burned to Death in Accident on Brooklyn Elevated.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 19.—Two men were burned to death, seven were seriously injured and scores of others bruised, cut by flying glass and shocked by a collision on the Fifth avenue branch of the Brooklyn Rapid Transit Company's elevated line tonight.

A crowded Bay Ridge train crashed into a stalled train of empty cars. Fuses were blown out, short circuits occurred, and flames at once leaped up from the motor boxes at each end of the cars in both trains, and men and women were hurled in all directions. The wreck was soon consumed by the fierce electric flames and no trains were run on this division of the road tonight.

The accident was the worst that has ever happened on the Brooklyn elevated road. It happened just as the tremendous crowd of Brooklynites was starting for home. The crush resulting on the surface lines running out Fifth, Seventh and Third avenues was unprecedented, and thousands had to walk to their homes in Bay Ridge and Borough Park.

The dead are: John Cahill, motorman, Brooklyn; Patrick Cahill, conductor of the stalled train, Brooklyn. All the injured except Morris Stone were taken to the Norwegian hospital.

The collision occurred at 5:15 o'clock at a point just below the Twenty-fifth street station and opposite Greenwood cemetery. A repetition of an accident similar to this in the subway would cause a fearful holocaust.

EPWORTH CONVENTION.

Pittsburgh District to Support Representative in the Foreign Mission Field.

At the semi-annual meeting of the training school of the Pittsburgh district of the Epworth league, held in Christ Methodist Episcopal church, Shadyside, yesterday, it was decided unanimously to subscribe to a fund for the support of a representative in the foreign mission field. Homer S. Wood, second vice president, was appointed to canvass the chapters in the Pittsburgh district and report to the annual convention of the district next June. An effort will be made to raise $1,000.

The afternoon session was opened with devotional exercises by the Rev. Paul Weyland of Knoxville. President H. C. Benton opened the discussion on the support of a missionary representative, and Miss Elizabeth Hunter of Wellsburgh, W. Va., one of the wards of the Washington district for the project. Discussions on Epworth work were led by Miss Laura Jack, third district vice president; Miss Belle Hammett, Mrs. O. A. Northrop, Miss Margaret Bennett, superintendent of the Deaconess home of Pittsburgh; the Rev. Charles A. Tushingham, first vice president of the district, Howard Phillips and William J. Grort.

After a conference of the district officers the evening session was opened with an address by the Rev. M. H. Lichliter. The convention closed with an evangelistic service conducted by the Rev. Dr. E. L. Eaton, pastor of the North Avenue Methodist Episcopal church, Allegheny.

Told of "Bonnie Scotland."

A big audience in the Allegheny Carnegie Music hall last night enjoyed many of the delightful features of a tour of the Scottish highlands while listening to the Rev. John A. Jayne's lecture on "Bonnie Scotland." It was the first of the free Thursday evening entertainments which will be given through the season by the Observatory Hill Christian church and opened the course with bright promises.

FIRE IN SWISSVALE CAUSES $3,000 LOSS

Many Inmates of Three-Story Block Had Narrow Escapes in Early Morning.

Fire broke out in the three-story business and flat building of Speedy & Soules at No. 7538 Rosslyn avenue, Swissvale, at 1 o'clock this morning, resulting in the partial destruction of the building. The fire was discovered by W. A. Speedy, who lives on the second floor of the building. He found the room full of smoke and notified the other inmates of the house, some of whom escaped with only their night clothing on.

The volunteer fire department of Swissvale, owing to the start gained by the fire, could not get it under control until about 2 o'clock. Word was sent to the Braddock fire department to be in readiness to go to the rescue in case the fire got beyond the control of the Swissvale department, but their services were not required. The fire started on the first floor of Speedy's billiard room and spread rapidly.

The billiard tables and some furnishings were saved. The other furnishings of the house were damaged by fire and water. The loss is $3,000. The third floor was occupied by roomers. The building had been sold recently to W. J. Barnes, of Homestead for $9,000 by James Smith.

MORROW'S SAVINGS TO BE DISSIPATED

Finance Committee Recommends Transfers from Appropriations for Judgments.

TROUBLE THAT WAS AVERTED

"Appropriation No. 17, judgments," was sadly depleted yesterday if the action of the finance committee should be adopted by city councils. "No. 17, judgments," is the fund in which $200,000 of city money was stowed away by Assistant Controller Eustace G. Morrow at the time the finance committee was making up the appropriation ordinances, when it appropriated balances in the city funds, forgetting that those balances had to be used for the payment of old debts and could not be used for new ones. Had it not been for the money that was discovered in the appropriation supposed to be used for paying judgments found by the courts against the city the department of public works would have been compelled to shut up shop, there being no money to carry on this department for the remainder of the fiscal year.

Mr. Morrow acted as clerk of the committee. The first resolution he read was one to transfer from appropriation No. 17 $50,000 to the appropriation for the bureau of light and $2,250 to the bureau of water assessments. Other resolutions transferred $10,000 from the judgment fund to the department of charities. Chairman Steyenson asked why another ordinance transferred $1,000 from the judgment fund to the city assessor's department, and Mr. Morrow said it had been expected that that department would have money, but it had not saved a cent. An ordinance transferring $60,000 from the judgment fund to the bureau of water was read, and another transferring $3,500 to the bureau of electricity. The last put $18,000 in the bureau of printing. The total sum transferred amounted to $175,000. The ordinances were affirmatively recommended.

Accompanying a resolution to reduce the amount of insurance on the engine house at Short street and First avenue from $16,000 to $10,000 was a letter from Director Henry Moore of the department of public safety, who wrote that the amount of insurance was excessive and ought to be reduced. The ordinance was affirmatively recommended. The city has $17,400 worth of fire-fighting apparatus there, but it can easily be moved in case the planing mill next door, the site of which is owned by the city, should catch fire. The presence of the planing mill makes the risk hazardous, so that the rent the city receives from the mill hardly pays for the insurance on the engine house. Controller John B. Larkin threw out a suggestion that the city take its own insurance risks, or that better terms for insurance be obtained from New York or Philadelphia underwriters. Dr. J. F. Shaw suggested that the underwriters have an agreement, and that underwriters from other cities could not come into Pittsburgh and write insurance for lower premiums than local insurance agents grant.

A resolution recommending the transfer of $1,939 from the appropriation for the repair of Homewood avenue to the appropriation for repaving the same street, and one transferring $3,000 from the appropriation for repairing Halket street to the appropriation for repairing Forbes street, were affirmatively recommended. An ordinance for removing a building in Diamond street and a resolution to transfer $5,000 from the Collins avenue fund to the Forbes street repaving fund were recommended. Other routine ordinances and resolutions were recommended.

John Lawley Starts to Work.

John Lawley, the new city assessor, yesterday started to work. The hearing of the appeals from the triennial assessment will begin on Monday. The South Side wards will be heard first.

DEATH RATE IN SMALLPOX HIGH

One-Fourth of Those Afflicted Around Here Die as a Result of the Scourge.

DR. BATT TALKS OUT PLAINLY

The mortality from smallpox in Allegheny county at the present time averages 25 per cent, according to the statement of Dr. Wilmer R. Batt, quarantine officer at large. This is unusually high for the death rate of the disease in this country and is taken to indicate the necessity of prompt measures to stamp out the epidemic. Ordinarily 15 deaths in 100 cases is considered evidence of a virulent form.

The figures above, together with detailed statistics regarding the spread of smallpox, will appear in a report to the state board of health at its regular monthly meeting, which will be held in this city at the Hotel Lincoln on Friday, November 27. It will be shown that the disease has increased since July 1, except during September. The approach of cold weather favors the epidemic, but the physicians take an encouraging view from the fact that vaccination is now being generally enforced.

It is probable that no radical action will be taken by the state board, owing to the efforts being made in Pittsburgh and Allegheny to stamp out the disease. Dr. Batt said:

"I observe that 5,000 persons have been vaccinated in Allegheny since November 4, and that the good work goes on at the rate of 300 a day. This is commendable progress and lies in the path of plain duty, but if it had been done last summer there would be no cause for unusual alarm now and less reason for precipitate haste and fear, not to mention the suffering which has resulted and which still is threatened.

"It is folly to spread panic-breeding alarm, but at the same time it is equally unwise to minimize the situation. The sooner the conditions are faced and every possible precaution is taken, the sooner smallpox will be eradicated. The authorities across the river—the people everywhere—will readily see that it was a mortal malady and not the contagion of bad politics that afflicted Allegheny. Everybody will see that, unless immediate measures had been taken, business and financial paralysis would have stricken this whole community.

"To The Gazette is due the credit for printing the facts in the case. It was conservative in its statements regarding the dangers which threatened Allegheny, but at the same time told the people just what was to be feared and did not leave them sitting in fancied security. The people at large when acquainted with the gravity of the spread of smallpox generally have the good sense to cooperate with the proper authorities in checking the pestilence. A great responsibility rests with every individual on every local board of health."

Dr. Batt was asked how Allegheny county compared with other districts in the state in the number of smallpox cases.

"It simply doesn't compare," he replied. "The number of persons who had never been vaccinated was large. In this county are over 100 separate municipal governments, including three cities and 50 boroughs and this fact complicates the work."

Dr. Batt yesterday investigated a case near Finleyville. He said that the situation in Washington county was most satisfactory. Today he will visit Lawrence and Mercer counties.

Robert H. Johnston, 40 years old, of No. 7313 Hazel street, died yesterday from smallpox. New cases reported were: Mary Crynanski, No. 4727 Hatfield street; Lena Golden, Schenley and Pacific avenues; John Rusnarsky, No. 181 South Twelfth street.

Clem Ruse of Tenth avenue, Homestead, is reported as having smallpox.

Mary Gilgioski, aged 14 months, is dead at her home, No. 2312 Fifth avenue. She was vaccinated recently and has not been well since. Some attribute her death to the vaccination and the coroner is making an investigation. The child had been ill with diphtheria, but had recovered from that disease.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, *fatal results are sure to follow.*

We often see a relative, a friend, or an acquaintance apparently well, but in a few days we may be grieved to learn of their severe illness, or sudden death, caused by that fatal type of kidney trouble —Bright's Disease.

The mild and extraordinary effect of the world-famous kidney, liver and bladder remedy, Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone.

EDITORIAL NOTE—Swamp-Root has been tested in so many ways, and has proven so successful in every case, that a special arrangement has been made by which all readers of The Gazette who have not already tried it, may have a sample bottle sent absolutely free by mail. Also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact their very lives, to the wonderful curative properties of Swamp-Root. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention that you read this generous offer in the Pittsburgh Daily Gazette.

Swamp-Root is pleasant to take, and is for sale at all drug stores, in bottles of two sizes and two prices, fifty-cents and one-dollar. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Baking Griddle Cakes Again.

Baking them without using any grease on the baker, which is of aluminum. It doesn't need grease. See the operation in the Basement, which was discontinued for a time owing to the gridles being all sold, with the exception of the one on which we demonstrated, and that one catching the eye of a woman who possessed any amount of determination, had to be given to her.

Rather an interesting demonstration, an oblong griddle placed over a single gas jet and yet cakes baked on either end of the briddle. Aluminum is a quick conductor of heat. You can even broil steaks on one of these griddles.

NATION'S VICES WERE DEPLORED

National Reform Association Adopted Resolutions Upon Most Glaring Evils.

LOCAL PREACHERS ACTIVE

[By Associated Press to The Gazette.]

HARRISBURG, Nov. 19.—At a meeting of the Pennsylvania conference of the National Reform association the Rev. Dr. Sylvester F. Scovel deplored the desecration of Thanksgiving day by frivolous sports and criticised institutions of learning that encouraged football games on that day. Rev. Dr. Martin of Pittsburgh also deplored the omission of the name of Jesus Christ from Thanksgiving proclamations. Mrs. M. E. Stevenson of Philadelphia, speaking against swearing, said that no man who swears is fit to be an officeholder.

Rev. Dr. Silas C. Swallow made an address on temperance reformation and criticised the government for licensing the liquor business. The resolutions committee presented its report by which an earnest protest was entered against the repeal of the Sabbath laws of Pennsylvania or any other state. Thanksgiving day was recognized as a day of formal thanks to God by which the nation should join in one accord. The giving up of the day for frivolity was deplored and so was the seemingly studied avoidance of the use of the name Jesus Christ in Thanksgiving day proclamations.

The execution of criminals by mobs was characterized as a horrible, vain effort of justice and a presumptuous invasion of the rights of God to inflict punishment. Uniform marriage and divorce laws, conforming to the law of God, were recommended. Polygamy was said to be gross immorality, condemned by the laws of God and of civilized nations. No one who upholds its practices should have a seat in the senate of the United States. The influence of Mormonism and polygamy render necessary the amendment of the Constitution. . . . any one practicing polygamy shall be ineligible to any state or national office.

The following officers were elected: President, Rev. Dr. S. F. Scovel, Wooster, O.; general secretary, Dr. T. P. Stevenson, Philadelphia; treasurer and corresponding secretary, Dr. R. C. Willis, Wilkinsburg; chairman executive committee, Rev. Dr. Joan McNaugher, Allegheny. The executive committee was empowered to elect a national secretary. The session closed this evening with addresses by the Rev. Dr. D. McAllister, Pittsburgh, and Rev. J. A. Henderson, Allegheny.

URGE THE PRESIDENT TO OPEN MILLER CASE

American Federation of Labor Convention Declares Against Open Government Shop.

[By Associated Press to The Gazette.]

BOSTON, Nov. 19.—The American Federation of Labor disposed summarily of the "open shop" question as raised in the case of W. A. Miller, now employed in the government printing office in Washington, and the Miller case itself today by unanimously declaring in favor of the union shop in government as well as private enterprises and by petitioning President Roosevelt to re-examine the evidence offered against Miller, and if verified, remove Miller from the service.

Although the resolution adopted presented the federation's view on both "open shop" and the Miller case, the issues are kept entirely distinct. The re-examination of the Miller case is not requested because Miller is a non-unionist, a circumstance formerly urged as a reason for his removal, but because the federation believes Miller "is totally unfit to be in charge of working people."

Resolutions were adopted favoring the construction of the Panama canal by citizens of the United States, urging that the Chinese exclusion act be made to apply in the Philippine and Hawaiian islands, and favoring women's suffrage and the election of the president and United States senators by direct vote.

VACANT RECTORSHIP IS NOT COMPETED FOR

Priests of Pittsburgh Diocese Did Not Appear at Concursus and Another Is Called.

The concursus of candidates for the irremovable rectorship of St. Andrew's Roman Catholic church in Allegheny, made vacant by the death of Father Matthew Carroll, was not held yesterday at the Epiphany church rectory, because there are no candidates. This is an anomalous condition. The St. Andrew's charge is considered a very good one; it has a fine church and school buildings; the parish is free from debt and there is some money in the parish treasury, so that much surprise is expressed that no priests have come forward to compete for the vacancy. Yesterday's concursus having lapsed, Bishop Phelan has ordered that another be held at the Epiphany rectory. This is the formal call to be sent out today.

The concursus for the vacant rectorship of St. Andrew's church, Allegheny, Pa., announced for the 19th day of the present month having lapsed, we have decided, for the accommodation of competitors, to hold a second concursus for the same rectorship in the Epiphany parish house, Pittsburgh, on Monday, November 30th prox., at 10 a. m. Those who are eligible and desire to compete are required to enroll their names in the chancery and furnish the requisite testimonials within 10 days from the date of this notice.

Jackson is president of the organization and William C. Lynne is secretary.

Fire at Boys' Industrial Home.

Fire in the basement at the Boys' Industrial home at Oakdale caused about $200 damage yesterday afternoon. The blaze originated in the laundry and spread through the lower rooms. The Oakdale volunteer fire department extinguished the blaze. There were about 30 boys in the home when the fire started, and all were marched out of the building without confusion.

SOCIETY

DESPITE the frostiness of the atmosphere yesterday afternoon the long flight of stairs leading from Stanton avenue to "Stanton Heights," the home of Mr. and Mrs. Orville Henry Allerton, was well-worn during the reception at which their daughter, Miss Ida May Allerton, was introduced by her mother. Miss Allerton is a Vassar girl and a member of the Vassar Students' Aid society. Among the assistants were a number of her classmates, among them being Miss Margaret Watson, Mrs. David Milne Watt, Mrs. James J. Braitwaite, Miss Lydia Vincent, Miss Elizabeth

Shirring also entered into the finish of the gown, this with the lace forming a yoke effect in the skirt, the bodice yoke being of lace. Mrs. Allerton and her daughter received in the drawing room, where pink roses and the debutante bouquets were the principal decorations. After the reception Mrs. Allerton gave a dinner for the young women who had assisted, and an equal number of men, in the evening giving an informal little dance for the same guests.

LINCOLN SWORE, SO 'TIS SAID

William Metcalf, the Pittsburgh Steel Man, Tells Some Unprinted History.

DELAY ANGERED PRESIDENT

"Technical Education and Some Post-Graduate Courses" was the subject on which William Metcalf of this city, identified with Pittsburgh's steel industry from its start, spoke to a thoroughly interested audience in the lecture hall of the Carnegie library last evening. The lecture was under the auspices of the Academy of Science and Art.

Mr. Metcalf's lecture was filled with illustrations of the great value of practical training, or technique, in addition to the theoretical training of the schools. He pointed out the fact the academy started in the 50s the first technical schools. He told many stories of the building of the great guns turned out by the old Fort Pitt works for the army and navy of the United States in the civil war. He also civulged the fact that at one occurrence in the course of this work Abraham Lincoln swore deeply.

"During the war, by arrangement between the army and the navy chiefs, some mortars owned by the army and not in use, but stored away in the Allegheny arsenal, had been delivered to the navy, that department giving an order to the army for the reduplication of the order when needed at the Fort Pitt works," he said. "We placed the order away for filling when convenient, knowing that the army would be sure to exact the obligation from the navy. Gen. Grant was shortly afterward appointed to command the west, and the siege of Vicksburg was determined upon. He refused to start this siege until the mortars were furnished him. It was then discovered that there were no mortars available for the purpose, and then there was trouble for all concerned. My uncle, who was the principal owner of the Fort Pitt works, was called to the White House, and the excitement of President Lincoln over the delay was so great, he afterward said, that vent was given his feelings in good round oaths."

The story of the rush of work by which 20 new mortars were turned out in 40 days from two flasks, and a chance taken that they would be all right; their successful operation during the siege, and their excellent condition after that severe test, were all told most interestingly.

During the war 3,000 big guns were made, and of the entire number, none was rejected and none failed. A great deal of the credit was given by Mr. Metcalf to an unlettered Irishman, named Marshall, who knew iron and its qualities as well by sight as a modern chemist could tell it by analysis.

Mr. Metcalf also applied to household work the same rules which he said, worked in the mill and foundry, skilled superintendents being necessary to secure good results from employes. "The parlor should be trained in the technique of the kitchen," he said. At the conclusion of his address he was given a rising vote of thanks.

IN THE YOSEMITE VALLEY WITH BURTON HOLMES

A Travel Lecture of Rare Interest and Full of Pictorial and Descriptive Beauty.

A commendably patriotic spirit has moved Mr. Burton Holmes, the lecturer in the preparation of his series of illustrated "travel talks" for this season, the first of which was given at the Carnegie Music hall last night. Instead of transporting his audiences to the wonders and scenes of a distant clime Mr. Holmes this year stays within the confines of the North American continent. The first lecture on the far-famed Yosemite valley in California was rich in description and brought more vividly home to the mind by a series of colored and modern pictures which were better than any Mr. Holmes has so far shown us. Starting from Merced in the San Joaquin valley, the lecturer takes his audience through that rich agricultural region via the Merced canyon to the Yosemite, by stage. Once in the mountains the scenery and description grow magnificent and the progress of the journey is marked by one nature marvel after another, including the splendid cathedral and El Capitan granite domes, the beautiful cascades and finally the views from Glacier point, 10,000 feet above sea level.

Mr. Burton Holmes.

A visit is made to the forest of big trees in the Mariposa valley and interesting historical and geological references given in the progress of the journey. Mr Holmes is a vigorous defender of the forests and both his references to John Muir in this connection and his tribute to President Roosevelt were enthusiastically applauded. These "travel talks" are more interesting this year because of the more vital relation between the subjects and the American sympathies of the hearers. Tomorrow evening the Yosemite lecture will be repeated in the Carnegie hall, Allegheny, and on next Thursday evening a trip will be made with Mr. Holmes from Carnegie hall, Pittsburgh, through the Yellowstone National park.

WOMAN CHIEF OF INDIAN NATIONS IS NO MORE

Although White She Was Adopted by Six Tribes—Visited Them Annually.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 19.—Mrs. Harriet Maxwell Converse, known as the "chief of the six Indian nations," died at her home, at 450 West Twentieth street, late last night of apoplexy. Mrs. Converse was known to the tribes of Senecas, Onondagas, Cayugas, Tuscaroras, Mohawks and Oneidas as "priestess," "mother" and "chief." She was the only woman, it is said, to receive the "snipe totem," a coat of arms, the highest in rank known to any of the tribes.

She was adopted by these Indian tribes, and in their eyes became an Indian. Gen. Parker, a full-blooded Indian chief on Gen. Grant's staff, who died ten years ago, was the cause primarily of Mrs. Converse being made chief of the tribes. It was his dying wish that this be done.

Every year it was her custom to visit the reservation and attend the dances, including the "corn dance" and the "strawberry dance." Her great grandfather and father were adopted by the Indians. Mrs. Converse had a premonition of death. A note was found in her room in which she spoke of her symptoms.

The funeral will be held Sunday. At the funeral an address will be made by Chief Longfeather of the Mohawk tribe.

Many small gold fish and carp were captured by men and boys. The lake was about 300 square feet.

HANNA CONDEMNS WOOD'S CONDUCT

Argues Before Senate Committee That He is Unfit for Promotion.

RATHBONE SEEKS REVENGE

[By Associated Press to The Gazette.]

WASHINGTON, Nov. 19.—The inquiry of the senate committee on military affairs into the opposition to the confirmation of the nomination of Gen. Leonard Wood to be major general in the army was begun today and the hearing was behind closed doors.

In addition to the members of the committee and the newspaper men, Senators Teller and Hanna and Major Estes G. Rathbone were present, the three last named being prepared to present objections to Gen. Wood's confirmation. It was stated that no charges had yet been filed against the general, but Senator Proctor, who presided, said that he understood Major Rathbone would present such charges.

Senator Hanna's statement dealt especially with his active interest in behalf of Mr. Rathbone when he was under prosecution for misfeasance in office as director of posts for Cuba in 1900, and in subsequent years. He said that General Wood's requirement that Rathbone should give a cash bond of $25,000 in American gold when he was first arrested was beyond all reason in view of the fact that the amount he was charged with misappropriating was only about $8,000, and he contended that a man who would be so unjust and so unfair under the circumstances should not be entrusted with high command. He also spoke of his long acquaintance with Major Rathbone and reiterated his confidence in his integrity.

Senator Teller said that he had known Major Rathbone for many years and from his knowledge of him both in public and private life he felt the major had been unjustly treated under the direction of General Wood. He then took up the question of the promotion of General Wood and went into details to show that he had been pressed forward in an "unprecedented manner." He said that from the time of the beginning of the Cuban war when General Wood was a surgeon with the rank of captain, he had been lifted over the heads of almost 500 other officers, of whom half had seen service in the civil war.

Senator Proctor, acting chairman of the military committee, has requested the secretary of war to send to the committee the military record of General Wood for its use in connection with the nomination. The committee will meet tomorrow to continue its inquiry.

POTTERS' ASSOCIATION HELD SPECIAL MEETING

Efforts Being Made to Induce All Manufacturers to Join the Organization.

A special meeting of the Potters' association was held yesterday at the Monongahela house. About 100 members were present and discussed plans for bringing into the organization all firms who are not as yet affiliated. It resulted in a committee being appointed to visit the different companies.

The Potters association was organized a little over a year ago. Its principal object is to fix prices for the finished products so that competition will be reduced to a minimum. The association has not made the progress that was anticipated when it was established. About one-third of the pottery manufacturers have affiliated, and the outsiders, it is said, are playing havoc with the prices.

Only four outside firms were represented at the meeting. These four firms presented a proposition stipulating that if a certain number of other firms would affiliate with the association they would join.

The organization committee outlined plans for bringing into the association the outside firms. The afternoon session was devoted to a discussion of the pottery market. W. E. Wells, president of the association, presided.

Among the firms represented were the National China Company, the D. E. McNichol China Company, West End Pottery Company, Knowles, Taylor & Knowles, Taylor, Smith & Taylor, all of East Liverpool; Warwick Pottery Company of Wheeling, Akron China Company of Akron, Barberton Pottery Company of Barberton, O.; Crooksville China Company of Crooksville, and the Acme Pottery Company of Crooksville.

TEXAS IS OUR RIVAL AS INDUSTRIAL STATE

Prof. Fess of Chicago, Predicts Southwest Will Compete With This State.

"Texas will soon be the rival of Pennsylvania as the leading industrial state. This will come about inside of ten years," said Prof. S. D. Fess of Chicago, in a lecture delivered before the West End branch of the University Extension society of Pittsburgh at Stevens school, Carnegie, last evening.

His subject was "Growing Sectional Difference Between the North and South." It was the seventh of a series on "The Growth of Representative Government in the United States," conducted under the auspices of the University Extension society.

Prof. Fess made the point last night that the moving of cotton mills from New England states to places where cotton is raised is a sign that an industrial south will soon be a reality. "Why," said the speaker, "Chattanooga, Birmingham, Atlanta and New Orleans are already hives of industry. Since the war all differences have been abolished, and southern people are coming to be a working and not a leisure class."

Prof. Fess attributed slavery, the leisure of the south and its aristocracy, as well as the subsequent slow development, all to its land system. He said: "The plantation was owned by one man. Thousands of acres in the possession of a few people meant small towns, absence of free schools and real serfdom. The south is recovering now."

Big Store for Wilkinsburg.

Wilkinsburg is to have a large department store, it was decided last night. The promoters are A. J. Puffinburg of Wilkinsburg and George P. Grant and R. Haney of McKeesport. The Wallace block at Penn avenue and Wood street, owned by Mr. Puffinburg, will house the enterprise.

ADOPTED THE TWIN

And Built Him Up.

A lady of Des Moines, Iowa, who recently adopted a baby boy, had an experience in feeding the youngster that may prove interesting.

She says: "Three months ago I took a twin baby. He was so weak and puny at the time that I believed I would never be able to raise him.

"I found that the only food he could keep on his stomach was Grape-Nuts, and when I began to feed this regularly to him he began to thrive. In two weeks he showed marked improvement and he is now a fat healthy boy and has at last caught up with his twin sister, who was always ruddy and healthy. He is certainly a fine little fellow, thanks to a fine pure and scientific food." Name given by Postum Co., Battle Creek, Mich.

Grape-Nuts contains all the constituents of a complete food, and the whole is predigested (by a purely mechanical process) so the very weakest stomach will digest it. It is the most scientific food in the world, suited to all ages. See the recipe book in each package.

Leseverein Holds a Court Trial, the German Band Having Been Openly Slandered.

BIG WORDS, MANY VICTIMS

A mock trial held by the Deutsche Leserverein in the hall of the Frohsinn Singing society, Sixth avenue, created much amusement last night, and while the verdict of $20,000 damages in the slander suit brought against the proprietors of Verschimmelte Nachrichten was received with plain tokens of disfavor by the audience, the fact that the attorney for the defense was seen to hold previous secret confabs with the jurymen gave rise to the expectation that a verdict of that sort would be rendered. The suit was brought for $100,000 damages by the "Leetle German Band." Verschimmelte Nachrichten published that the police authorities had ordered the Einsperrung of the band, because the organization's playing killed the dogs in the street and drove citizens insane.

There was a prologue. The German band was ordered by its leader, Prof. Steinbock, personated by E. Junker, to play a selection from Wagner, and the instruments broke joyously into "Hiawatha." This performance was to show the audience that the V. S had libeled the band, and that under the Sallus-Grady law punitive damages should be awarded.

The judge was Justus Mulert; attorney for the prosecution, H. L. Grote; attorney for the defense, William McClure. The witnesses were E. Junker, George Selbel, Prof. C. F. W. Guenther and M. W. Kurniker, the last-named supposed to be the business manager of the paper. Robert Steinert was foreman of the jury. Henry Heilbronner was the clerk of court and Richard Roedel the crier. During the proceedings the venerable Henry Volz was fined by the court for unbecoming unbehavior in wearing a white necktie.

Having with much trouble pacified double b-flat bass and the clarinetist, who had got into a quarrel over the question whether Prof. Steinbock's name should be pronounced hanoveranisch Steinbock, or suedeutsch, Schteinbock, the judge opened the proceedings. Before the thing was over several witnesses were rendered streitunfaehig, because of the use of jawbreakers, although the judge had prohibited words of more than six syllables long. Leader Steinbock complained that the injurious publication made his band appear like a lot of Konstantinopolitanischerdudelsaokpfeifergesellen, and he retired with his hands to his jaw. Lawyer Grote insisted that Verschimmelte Nachrichten was a Charakterzerstoerendesblatt, and he dropped out for repairs, while Lawyer McClure, who does not speak much German, fell down on the simple word Leisverfliessendernotentechnikzauber of Beethoven.

One lawyer was called down for saying Wagner, another was sharply reprimanded for saying Wogner and both were told by the judge it was pronounced Vogner. It was the universal sentiment of the audience that Prof. Guenther's assertion, that the performance of the band conjured up in his mind a Schaudererregenderseelenniederschmetternderbasiliskenblick that prostrated the jury and made it weak, and give a verdict for the prosecution.

After the trial the members of the Leseverein enjoyed themselves dancing until midnight.

JAIL BREAKERS TAKEN AT POINT OF RIFLES

Negroes Who Escaped from Washington Captured by Allegheny County Officers.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., Nov. 19.—Lawrence Minor and Frank, alias Tony Pierce, the two negroes who escaped from the Washington county jail Monday after terribly beating Deputy Sheriff Samuel Howe, were captured today. The two runaways were brought to Washington this evening and are safely locked in cells.

The capture of the two escaped prisoners was adroitly made, the men being rounded up at Bishop, in northwestern Washington county, about seven miles above Bridgeville in Allegheny county. The officers who effected the capture of the negroes were Assistant County Detective Robert L. McMillan, of Allegheny county, and Officer J. J. Chiver, of Bridgeville.

This morning at 6 o'clock two negroes came to the house of Lindsey Edwards, colored, at Bishop, and demanded a gun. Edwards recognized Pierce as a man he had known for six years. Edwards took the two strangers in, informing them he had no guns. He left the house and met John Morris, an old resident of the town. Edwards casually told Morris of the arrival of the two, telling him that the name of one was Tony Pierce.

Morris at once realized that the men in Edwards' house were the two escaped prisoners and told Edwards that a big reward was offered for their return. Edwards went up to Lindsey Edwards' house and told the people at the Kline hotel to inform Officer McMillan. McMillan was immediately notified and with Officer Chivers started to Bishop to get his men. The two Allegheny county officers arrived at Bishop about 11 o'clock. Edwards met the officers and told them the two suspected negroes were in the second story of the house. Both officers were heavily armed, McMillan carrying in his hand a repeating rifle. McMillan aimed his rifle and the two negroes made no resistance.

Edwards the negro, at once received his share of the reward. Sheriff Carothers handed him $150. Officers McMillan and Chivers agreed to divide equally the remaining $850.

Wednesday Mr. Acheson received a reply from Assistant Secretary of State Loomis stating that a passport was issued to Kaiser on October 17. There is no doubt now but that Kaiser went back to his native land.

IS SUMMONED TO NATION'S CAPITAL

District Attorney Who Had Senator Dietrich Indicted Going to See Knox.

HE MAY BE REBUKED AGAIN

[BY ASSOCIATED PRESS TO THE GAZETTE.]

OMAHA, NEB., Nov. 19.—An important development in connection with the indictment last Monday by the federal grand jury of United States Senator Dietrich and Postmaster Jacob Fisher, of Hastings, Neb., for conspiracy and bribery, was the sudden summons late today, of United States District Attorney Summers to Washington.

The summons it is stated, came from President Roosevelt and Mr. Summers left for Washington tonight.

Nobody at the district attorney's office would discuss the probable cause of Mr. Summer's trip.

It has been suggested that the district attorney was perhaps somewhat indiscreet in supplementing certain correspondence made public by the department of justice relative to Postmaster General Knox and himself. The inference was that the department had given out as much of the correspondence as it deemed necessary and that the adding thereto of another letter by District Attorney Summers might be construed as a breach of discipline.

COLORED PROPRIETOR SHOT BY NEGRO BOARDER

Albert Finley Put Two Bullets Into Alexander Williams' Body.

In the act of defending his home Alexander Williams, a negro, was shot twice last night at 10:45 o'clock by Albert Finley, colored, a boarder at his home, in the rear of No. 2007 Fifth avenue. Finley was arrested. Williams is at Mercy hospital.

The fight is alleged to have resulted from a quarrel which was started some days ago. Finley, with a female companion named Mattie Coleman, it is stated, called at the Williams home at 10:45 last night. It is said he knocked at the door.

"I want a night's lodging," he yelled through the closed door to Williams. The door was opened and Williams was confronted with a revolver.

"Put that thing down or you can't come in," he told Finley.

Without warning Finley opened fire, the first bullet striking Williams in the right loin, the second in the right hand and the third narrowly missing his breast. Williams wrested the revolver from his assailant and gave him a clubbing over the head. Policeman Toole arrested Finley.

RENOUNCES HIS RIGHT OF SUCCESSION TO ESTATE

BERLIN, Nov. 19.—Count Hector Kwilecki, a member of the reichstag and one of those mainly instrumental in prosecuting the Countess Isabella Kwilecki on the charge of presenting a suppositious child as the heir to an estate, personally read a declaration in court today, solemnly renouncing his possible right of succession to the estate at Wrobiecz, which is involved in the litigation. The count took this step because it had been insinuated that he was actuated by sordid motives.

President Refuses to Send Troops.

WASHINGTON, Nov. 19.—President Roosevelt today denied the request of Gov. Peabody of Colorado to send federal troops to the Telluride district.

FORGER PASSED OVER A HUNDRED BAD CHECKS

Many Victims in Western Pennsylvania of Edward E. Booth, a Telegraph Operator—Drunk and Remorseful, He Confessed.

Stung by remorse and raving from the effects of drink, a well-dressed man was arrested at 9 o'clock yesterday morning in front of the Schenley hotel. After a few hours' confinement he confessed to over 100 forgeries committed in Pittsburgh and vicinity within the last year. Although on the verge of delirium tremens, the man, who gave his name as Edward E. Booth, 43 years of age, of Columbia, Pa., and a telegraph operator, told a fairly connected story of his daring methods, his success and periods of drunken elation.

Booth came to Pittsburgh about a year ago, and worked for a time as a telegraph operator. He was swift and accurate, and with more than the average appearance he gave up honest work and dealt in forged checks. His success was too great.

During last week he netted more than $100 to the knowledge of the police, and with this money in hand he began a spectacular drunk. He was first taken in as a suspicious person. He was found by Inspector Milton E. Bailey and Capt. Alfred Teeters standing in front of the Schenley hotel, wildly waving and cavorting. Once behind the cells his conscience got the better of him.

The list of checks passed, as far as Booth could remember yesterday, and which he said was not nearly complete, and the names of his victims, are as follows.

George Huber, saloonkeeper, South Twenty-sixth and Carson streets, check for $10, to which he forged the name of Edward Carroll, an architect of Federal street, Allegheny.

John Schott, saloonkeeper, South Twenty-second and Carson streets, check for $10, similar to the check passed on Huber.

A saloonkeeper on Anderson street, Allegheny, whose name he had forgotten, check for $15, forged the name of William Booth and drawn in favor of Harry Booth.

Joseph Horne Co., check for $10, forgot the name forged on the signature.

Hotel Ambridge, Ambridge, Beaver county, check for $15, forced the name of J. E. Evans, an Allegheny grocer, and drawn in favor of H. E. Booth.

Arthur W. Tiddy, city passenger office, Baltimore & Ohio railroad, Fifth avenue and Wood street, check for $15, forged the name forged.

A saloonkeeper of Eighth street, Homestead, first name Casper, last name forgotten, check for $15; forged the name of Edward Carroll, the Allegheny architect, drawn in favor of H. E. Booth.

Lecrone Bros., druggists at Second and Hazelwood avenues, check for $10; forged the name of Edward Carroll; drawn in favor of Edward Booth.

John Stevenson of Lytle street, check for $10; forged the name forged in the signature; drawn in favor of Edward Booth.

Joseph Taylor, a McKees Rocks hotelkeeper, check for $10; forged the name of J. E. Evans, the Allegheny grocer, drawn in favor of J. E. Booth.

Monaca National Bank, check for $25; forged the signature of the president of the Youngstown Horseshoers union, which he got from a card he found on the street and which he had forgotten, drawn in favor of Edward Booth.

Store keeper in Coraopolis whose name he had forgotten; check for $20; forged the name of Joseph Taylor, the McKees Rocks hotel keeper, and drawn in favor of H. E. Booth.

After getting the confession the police called up several of the persons whose names Booth had said he had forged and found that he had told them the truth. They arranged to have these people at the Oakland police station this morning.

LANKY FIGHTER LOOKING POORLY

Fitz's Appearance Causes a Heavy Shift in Betting Which He Claims Pleases Him.

GARDNER GROWS IN FAVOR

[Special Telegram to The Gazette.]

SAN FRANCISCO, CAL., Nov. 19.—Men who have been keeping tab on the fighters for years say that Bob Fitzsimmons never presented such an aged, scraggy appearance as he does at present. Even in the camp, they will tell you that Bob smiles all over his bony face when he hears remarks of this kind.

"I want the public to think that I haven't got a chance," said Fitzsimmons the other day. "Just now it is only the smart fellows who figure me as a loser and they don't count. The public makes the odds and I want to put down a good bet on myself. At present my backers are asked to give 10 to 6 and it is beginning to look as if the public estimate of my chances will remain as it is until the fight is over. It is nice to have the general run of people feeling that way about you, but I would like to be on the short end just this once, so that I could cash a nice fat wager."

So far as the betting phase of it is concerned, Fitz states the case correctly. He is the favorite at 10 to 6. At the same time, all up and down the line, expert opinion is declaring that Fitzsimmons hasn't much better than an equal chance with Gardner.

Those who favor the younger man hold that an extremely hard siege of training has sapped Fitzsimmons' vitality and that the once famous fall-weight pugilist will crack up badly when the pinch comes. Gardner himself is of this way of thinking and frankly states that he is surprised that so much public money is seeking investment on Fitzsimmons.

"To begin with, the further we go the better my chances will become," said George. "Fitzsimmons' condition will give out if the fight goes over 10 rounds. It can't be otherwise, after the way he has pulled himself down in weight. Another thing, I don't believe he has any recuperative power. I may get a smash and worry along until nature comes to my aid; but with an old fellow like Fitzsimmons, a hard punch will muddle him so that it will be easy to finish him."

A glance at Fitzsimmons' legs will reveal the fact, however, that they are the same lean old spindles that carried him to victory in many a fight. Viewed apart from his powerful upper works they look light enough for the legs of an elongated lightweight.

George Gardner, who is to box Fitzsimmons on the night of November 25, has a good pair of legs under him. They are neatly turned, and they suggest strength and endurance. As a matter of fact, it is claimed for Gardner by some of his friends that he is the strongest man in the quarterberry ring, outside of the champion, James J. Jeffries. If this is really the case it can be safely said that much of his power lies in his legs, for all the strength in the world is of little avail to a wrestler or a pugilist unless his legs bear a proportionate part of the physical force he is able to exert.

Jimmy Britt, who is training for his fight with Canole, which takes place tomorrow night, declares that Gardner has anything beat he has ever seen in the way of cleverness, and predicts Gardner will dispatch Fitzsimmons before the fight has gone many rounds.

LIBERTY ELEVEN THE CHAMPION

Colored Team Defeated Sewickley in Hard Fought Game on Frozen Field.

A FINE RUN ON A FUMBLE

The Liberty Athletic club is the champion of the colored football elevens of Western Pennsylvania. The right to that title was demonstrated on the Colosseum gridiron yesterday afternoon, when the Liberty's made a show of the team hailing from Sewickley and won the game 6 to 0.

The fact that the weather conditions were cold enough to nip the ears of a brass monkey did not bother the colored football warriors in the least; in fact, they rather seemed to like it, because it forced extra action in order to keep warm and thus give them a chance to fight each other all over the frozen field without any let up. With the spectators it was different, however, and in order that they might get warm and get an occasional peep at the game a bon fire was built back of the grandstand, where the men and women would gather to get a heat on, then they would chase out on the field and cheer for their favorites.

The Sewickley gladiators, when they appeared on the field, looked like a tobogran party, as each player was decorated with a knit cap with a tassel hanging down, and this made the other fellows envious, and the caps became the objects of attack rather than the player or the ball, and a short time after play had started the caps looked like discarded wash rags. The Sewickley team started in the game under a handicap in the shape of a couple of players who were loaded to the guards and who could hardly see the playing field, let alone the ball. It looked as though every spectator, and there were quite a few present, had a private bottle, and on almost every down appeals were made to the players to have a bracer, an invitation which was often accepted.

The man who had charge of the playing field forgot all about marking off the lines of the gridiron, but a little thing like that did not bother the colored players a bit, and they went about their work as though it was the best laid out gridiron in the country. The officials, however, were the ones to suffer, as they had to guess as to downs, and this caused numerous disputes. The Liberty eleven scored in the first three minutes of play as a result of a couple of fumbles on the part of the Sewickleyites. After that the battle waged warm, but neither team was able to score.

The feature play of the game was made by the Sewickley fullback, who had gone back to make a punt, but the center, in passing the ball, chucked it far over the fullback's head. There was a grand scramble for the ball, but the fullback managed to get it, and then he made a run of 50 yards before being downed. This gave the Sewickley rooters a chance to cut loose, and one would have thought that they had a contract to tear the stands down. The victory, however, belonged to the Liberty team, as it outplayed its opponents at all stages of the game. The score and lineup:

Liberty—6.		Sewickley—0.

CLAIMS THE TITLE.

Primrose Eleven Makes Strong Showing for Championship of the Amateur Teams.

Before the football season closes the management of the Primrose A. C. of Allegheny wishes to announce that any team disputing this claim will come forth and arrange a post season game.

The basis on which the Primrose claim the championship is that it has not been defeated by an amateur team this season; also owing to the fact that Primrose defeated the A. A. A., who were champions, having won the title by defeating all teams in Western Pennsylvania and eastern Ohio. It can be seen that the claim is clear and owing to the fact that Lyceum canceled the game with Primrose, it is now up to Pastimes to play Primrose for the championship. It was mutually agreed by these two teams that the game should be played at the Colosseum Saturday, November 28, and if final arrangements are made it will only be a few weeks and the championship will be decided.

Owing to the game being canceled Primrose will not play Saturday. The manager would like to hear from some good team for a game to be played at the Colosseum Thanksgiving. Would like to hear from the manager of the Pastimes for the game to be played on the 28th. Address S. Rousseau, 602 Smith block, Pittsburgh.

Choynski Was Here.

Joe Choynski, who fought a hard, fast six-round draw with Marvin Hart in Philadelphia on Monday night, was in the city last evening. Choynski, who was en route home to Chicago, dropped off to visit a brother who is located in this city.

A famous New York Hatter makes

THE COURT

$4 and $3

One of the most distinctive features in all our hats is the originality of styles.

The Court derbies with medium and small brims are as usual our leading hats.

Of course we have other good styles here that are worthy of your notice, for instance, the Dunlap and Knox styles.

And the swagger New York derby made with a round crown and a decidedly narrow flattish brim.

The ever popular wide brim derbies are here too, should you prefer that sort of hat.

Let what you buy be good; but if it be good and also cheap, then you have secured the utmost of economy.

Good—so that there is none better.

Cheap—so that nowhere are there lower prices.

Such are the unmatched merits of our $2.25 Paragon and $1.75 Acme hats.

SECRET PRACTICE FOR THE HARVARD ELEVEN

Coaches Working Hard to Have Team in Shape—Tigers Will Witness the Contest.

[Special Telegram to The Gazette.]

CAMBRAIDGE, MASS., Nov. 19.—The Harvard football team was given very light practice this afternoon with which to finish off the season's work. The practice this afternoon was in secret and the entire time was spent in putting the varsity eleven through its formation plays. Neither Head Coach Cranston nor Capt. Marshall would predict victory for the Crimson on Saturday, although Capt. Marshall has said that both he and his team believe that they can lick Yale, and Coach Cranston said that the college may depend upon the elevens putting up a plucky fight. The general feeling is that almost everything depends upon the physical condition of the Yale men.

NEW HAVEN, CONN., Nov. 19.—(Special.)—There is almost no betting here on Saturday's game, but the largest Yale delegation that ever saw a game in Cambridge will attend. The student body reflect the general feeling that with the star players of the team so handicapped by bruises almost anything, victory or defeat, and all that intervenes, may happen.

PRINCETON, N. J., Nov. 19.—(Special.)—Princeton's championship football eleven will leave here tomorrow for Boston, where they will attend the Yale-Harvard football game on Saturday at the expense of the athletic association.

Beside the thirteen players, Trainer Robinson, Head Coach Hillebrand and Coaches Holt and Smith will be among the party. The party will return to Princeton on Sunday, November 29.

WASHINGTON, PA., Nov. 19.—(Special.)—The Washington and Jefferson college football team had the final hard practice of the week this afternoon. The men seem to be more fit than they have been for two weeks and will, it is thought, be able to enter the game against West Virginia University in almost perfect trim. Tomorrow there will be light signal practice. The advance sale of seats has been large and an enormous crowd is looked for.

GENEVA WINS AGAIN.

MEADVILLE, PA., Nov. 19.—(Special.)—In one of the hardest fought contests ever seen on the local gridiron the Allegheny College football team was defeated by Geneva by a score of 5 to 0. PRINKI WAS GLAD TO REACH JAIL

Man Accused of Shooting Bellevernon Operator Feels Safe at Greensburg from Mob.

MANY SUDDEN DEATHS OCCUR

"Thank God, they can't get me now." With a sigh of relief Jacob Prinki, the alleged murderer of William Kelsey, sank behind the iron grating of the Greensburg jail yesterday morning. For 24 hours he had been haunted by the fear of lynching. Kelsey, who was shot by Prinki at Bellevernon on Tuesday night, died yesterday at the McKeesport hospital.

Prinki had been ejected from a Pennsylvania train, and firing at the conductor, shot Kelsey instead. At the office of Justice of the Peace W. B. Stoughton in Monessen a demonstration by a mob drove the man almost to madness with fright. When Chief of Police D. W. G. Cooper of Monessen took the prisoner to Greensburg, the air of bravado Prinki showed when arrested left him, and he begged to be hidden from the mob. On passengers on the train, lest another attempt should be made to carry out the mob's threats.

Mary Bush, 42 years old, of No. 4022 Ewing street, died suddenly at her home yesterday morning during a spasm of coughing.

A falling timber instantly killed a laborer whose only known name was "Mike," at the west end of the Greentree tunnel of the Wabash railroad yesterday morning.

General debility was the cause of the sudden death of John Connelly of Ewingville yesterday. He was 80 years old and a widower.

Heart disease caused the sudden death of John Beston, a laborer, at his home, No. 117 South Twelfth street, yesterday.

Mollie Gardner, a milliner, 28 years old, of No. 1038 Forbes street, died at her home last night of heart disease.

The inquest into the death of John Hagar, colored, who was shot and killed in Wilkins township November 11, was held yesterday, and the jury recommended that Eugene Seccia, an Italian, be held for the grand jury on a charge of murder, and that Charles Stevens be held as a witness.

The coroner's inquest into the deaths of the 10 men who were killed on the Wabash bridge at Ferry street October 19, was postponed yesterday until this morning at 11 o'clock.

LINEAR LICENSE TAX MAY GO IN ALLEGHENY.

Ordinance Introduced Into Councils for That Purpose. Citizens Measure Killed.

A linear license tax ordinance, somewhat similar to that passed by Pittsburgh councils some time ago, was presented in the common branch of Allegheny councils last night by Councilman John R. Henricks. The measure was referred to a special committee which has not yet been named.

The citizens members of councils killed the ordinance providing that the city be relieved of the expense of furnishing the delinquent tax collector with an office, stationery and stamps. The measure was introduced by Robert L. Henderson, Citizens member from the Third ward.

The ordinance appropriating $5,000 as Allegheny's share of the expense of an exhibit at the St. Louis fair was passed finally. All other measures passed by the select branch on Wednesday were approved except the one granting Fred Gwinner the right to lay a railroad siding across Preble avenue. This was sent back to the public works committee. The measure providing for the appointment of two tenement house inspectors, one of whom shall be a woman, was passed finally.

A resolution, passed under suspension of rules, that a special committee of seven consider bids, all ordinances, grants or contracts entered into by corporations or individuals, that require the payment of money to the city.

WATCH SILK MAKING

Crowds Visit Horne's Store to See "Moneybak" Silk Woven.

Visitors at the big store of the Joseph Horne Company are being treated to an exhibition of silk-making, and many people, especially women, are attracted to the basement of the east store, where the exhibition is being conducted this week by the York Silk Company of York, Pa., of which M. G. Collins, formerly of this section, is the head.

The York Company is a large producer of fine silks, one of its famous products being "Moneybak" silk, which is being woven at Horne's. "Moneybak" is made from all pure silk fabric, contains carefully selected silk, has many threads in the warp and a double thread in the filling, which produce more body and a more beautiful silken sheen than any silk sold for similar prices.

The abuse of silk fabric by manufacturers in quest of cheaper methods of production has resulted in the manufacture of "Moneybak," and the name is a registered trade mark, designed to protect the purchaser of fine silk. The company which manufactures "Moneybak" silk also goes on record that the purchaser's money will be refunded if a defect is found in its product, and the Joseph Horne Company, the exclusive agent, is always ready to fulfill the manufacturers' guarantee.

BRILLIANT PROGRAM IS OFFERED BY ORCHESTRA

The most brilliant program thus far in the ninth season of the Pittsburgh orchestra is announced for tonight and tomorrow afternoon at the Pittsburgh Carnegie music hall. It is one almost entirely new to Pittsburgh, embracing a symphony by the Russian composer, Glazounow, one of the great works in this form; a charming ballet suite by Delibes and a gorgeous march by Tschaikowsky, each for the first time at these concerts, and in addition the Mendelssohn "Melusina" overture. Miss Mary Tracy, soprano, after a long course of study abroad and recognition there in the best concert rooms, returned to her native country less than two years ago and is now much sought for. She has a beautiful soprano voice and is a singer of real temperament, and wherever she has sung a genuine artistic success has been heard. Several Pittsburgh families were privileged to hear her last year in private, but her first public appearances here are this evening and tomorrow afternoon.

IF BUNDLE IS TOO BIG TIE IT TO THE BAG

This morning 1,000 large paper bags will be sent out to the charitable people of Pittsburgh and Allegheny and the managers of the Homeopathic hospital to be filled with donations to help the sick poor through the winter. Contributions of money, groceries, fruits and vegetables, old or new clothing for men, women or children, old linen or supplies of any kind will be gladly received. Arrangements have been made by which the donations will be collected by several express companies. Each bag bears the sentence: "If the bundle is too big for the bag, tie the bag to the bundle."

LOCAL MEN OPTION PLANT AT AKRON

Pittsburghers having in mind the establishment of a large electrical machinery plant at Akron, O., have secured an option on the plant of the Peoples Hard Rubber Company of that city. It is asserted that the promoters are identified with the Westinghouse interests here and that their product will be along lines similar to those of the big plant at East Pittsburgh. An improved anti-friction journal, a new style of motor and other electrical machinery are to be made.

New County Detective Appointed.

Percy Anderson of McKeesport was appointed a county detective yesterday by District Attorney John C. Haymaker to fill the vacancy made by the resignation of F. J. Morrisey. Anderson worked for the Pennsylvania railroad and for a time was a policeman in McKeesport. Anderson will work with Detective George Schad.

Think They Are Pickpockets.

Dennis O'Keefe, James Walsh of Allegheny and George Rodgers of St. Louis were arrested last night at Frankstown and Lincoln avenues, East End, by Detective Edward McGough and Special Officer John Corbett. The detectives think the men are professional pickpockets.

THE FIDDLER A RINGER.

Horse That Made Pool Room Killing Is Now Identified.

SAN FRANCISCO, CAL., Nov. 19.—(Special)—By means of a large photograph now in the possession of Capt. Forsee of the Pinkerton patrol, the horse that is running under the name of The Fiddler, and which won $300,000 from the pool rooms of the country, has been, it is affirmed, positively identified as McNamara, a thoroughbred familiar to nearly all California racegoers.

The picture shows McNamara with the white star in the forehead, the high and sloping hind quarter and all his other well-known peculiarities.

WANT RULES REVISED.

Englishmen Think Challenging Yachts Should Have Better Show.

LONDON, Nov. 19.—The Yachting World, urging a reformation of the rating rule for America's cup races, declares there is no prospect of any further challenges unless the New York Yacht club revises the conditions with the view of giving the challenging yacht, which has to cross the ocean, a more even chance against the defender, which never leaves home waters. The Yachting World adds:

"One of our leading designers was approached since the last contest for his opinion whether another challenger would have a better chance of success than the last, and he replied emphatically that further racing under the present rule might be considered out of the question. It is clear, therefore, that if our American friends want more international sport of that kind with us, they must come to some amendment of the rule as will place us on a better equality."

College Team's Victory.

The Zehner A. C. of Allegheny went down to defeat before the light but speedy College Third team yesterday afternoon on the latter's grounds. Although the Zehners played a fine game they were unable to keep the fast college backs from crossing their goal line. Arms scored for the college in the first half after a magnificent run for goals. This feat he duplicated again in the second half. Brady scored the last touchdown for the collegians after a fine run of 45 yards. Line-up:

BETTING SHIFTS TO BOY FROM BOSTON

SAN FRANCISCO, CAL., Nov. 19.—(Special)—Betting on the Canole Britt fight tomorrow is now at 9 to 5, with the coast boy the favorite. Canole's remarkable showing in training has influenced many of Britt's former friends to withhold their support of the home fighter and place all their money on the Boston lad. This has reduced the odds on Canole from 2 to 1 to 9 to 5, the present figure.

Basketball Players in Trouble.

Manager George Price of the East Homestead football team has entered informations against players Cline, Burke, Dodson, Lynch, McGinnis and Alton of the W. R. Black basketball team of Pittsburgh, alleging that the players took uniforms from the lockers at the Homestead Carnegie Library and warrants have been issued for the apprehension of the men. The Blacks played the H. L. and C. third basketball team on Tuesday evening, and a fight followed as soon as the game was finished.

Mayor Will Not Stop Fight.

FINDLAY, O., Nov. 19.—(Special.)—Prosecuting Attorney W. L. David today received a telegram from Governor Nash, stating that not to permit prize fights scheduled for Friday evening between Con Riley and Gus Ruhlin and between "Biz" Mackey and Arthur Finns. Mayor Metcalf says the fights will take place according to schedule within the limit of the law. The charter of the local athletic club was revoked last winter by the governor.

Progressive Sixty-Six Party.

The Iroquois Rifle club last night gave a progressive 66 party, the first of a series which will be held by the popular South Side club. The affair was a grand success. About 125 people were present. There were three prizes which were hotly contested for. John W. Patch won the first prize, Theodore Dawe won the second, and Aloph Demme won the third.

AID FROM PREACHERS.

Orphans Will Probably Seek Ministerial Association Indorsement.

The Orphans will probably seek assistance from the Pittsburgh Ministerial association. Some of the promoters of the new party believe that it would be wise to ask the organization of ministers to indorse the Orphan movement. The associations meet each Monday and it is likely that next week the question will be passed up to them.

Among the Clubs

Planning Work for the Winter.

The committee on sanitation in street cars and public conveyances, a sub-committee of the permanent civic committee of Women's clubs, is preparing to open its campaign this season. A meeting will be called December 1 by the chairman, Mrs. William W. Wishart. A bill drawn up by William B. Rodgers and presented to Pittsburgh councils is now in committee and the women are preparing to urge its enactment upon councils. The measure is for the prevention of expectoration in the street cars, public conveyances and all public places, violation entailing a heavy fine. A similar measure will be presented to Allegheny councils in a few weeks. The bill is modelled after one in force for some time in Philadelphia, which frames with provisions covering the conditions in this city.

The public baths committee will meet this morning in the Civic club rooms at 10 o'clock. Important business will be discussed. The chairman, Mrs. Alfred Longmore, will preside.

PREPARING NEW SCALE.

Street Car Men Are Devising Means to Adjust the Wage Dispute.

The street car men made no effort to hold another conference with the officials of the Pittsburgh Railways Company yesterday. At the last conference the officials promised to investigate the grievances and if possible remedy them. The street car employes are waiting for the result of the investigation.

It is said a new scale is being prepared which is not so radical as the one presented last Saturday. When the officials decide upon an effort is to be made to have the officials of the company sign it. If they refuse to sign it they will be asked to grant the conditions set forth.

BRAIN FOOD

Is of Little Benefit Unless It Is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloris acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives;; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

RISE IN WALL STREET MAKES FURTHER PROGRESS

Steel Bonds Led the Advance on Large Transactions. Entire Market Closed at the Top—Local Stocks Were Also Higher.

By JOHN O. BAGLIN, Financial Editor.

The rise in the eastern stock market made further progress yesterday, the tone was strong thoughout, and closing prices were at the highest of the day. For a few moments at the opening a vigorous effort was made to stem the upward movement, particularly in the steel stocks, but the effort was soon abandoned, and from that time to the close shorts were covering. The most prominent feature of the day was the heavy transactions in the new Steel bonds, and these led the advance. They opened with heavy dealings at 68, reacted to 67¾, and then steadily advanced to the close, the final sale being at 70, the highest price for nearly three weeks. During the first two hours the transactions aggregated $826,000. It is generally believed that there is an outstanding short interest in these bonds, but the volume of transactions suggested that much of the buying was for investment account. The movement was based upon a report that the bond conversion syndicate had completed its purchases of preferred stock, having acquired the bulk of the necessary $200,000,000 in the neighborhood of recent low prices, and that another syndicate had been formed to take over the bond holdings of the original underwriters which the latter had acquired in exchange for preferred stock, thus relieving the syndicate from the necessity of marketing its bonds. No official announcement regarding the matter was made during market hours, but the fact that the bonds continued to advance gave color to the report. The bonds have had so little encouragement during the past few weeks that they may be pardoned if they manufactured the rumor that a large block of these Steel bonds had been placed abroad. The bond conversion syndicate began its operations at a time when the preferred stock was quoted nearly 40 points above its present market value. During all the months that it has been engaged in buying preferred stock and converting the same into bonds the market for both these securities has been more or less artificial. If the deal has been completed so far as purchases of preferred stocks are concerned, and if a new syndicate has been formed to take over the bonds thus acquired and to hold the same until financial conditions have improved, then the impediment for manipulating the market will be removed. The gain in the common stock for the day was only ¼ point, but the preferred after opening 1 to 2 and reacting to 51⅝, advanced steadily until the price reached 53¾ at the final sale.

A factor which also probably contributed to the strength of this group was the announcement that the railroads had agreed at their conference in New York yesterday to grant a reduction of 33 1-3 per cent in freight rates to the seaboard on iron and steel products sold for export. This announcement was not made until late in the day. Its effect will be to put manufacturers in a position to compete for foreign trade. Under ordinary circumstances a cut of this kind would naturally be construed as bearish on eastern trunk line stocks, but such was not the case yesterday. Pennsylvania was relatively stronger than any other member of its group, opening at 114¼, reacting to 113⅞, and then advancing steadily until it reached 114⅞ at the close. Baltimore & Ohio advanced to 76¾, and Reading to 41¼. Some of the smaller affiliated roads were also strong, Chesapeake & Ohio advancing to 50⅝, and Norfolk & Western to 56¼. St. Paul was the strongest of the western stocks, opening higher at 137⅜ and reaching 139 at the close. Wabash preferred advanced 1¼ per cent to 35¼. London was a moderate buyer of the general list, including Steel preferred, which was one of the strongest stocks in the foreign market.

General Electric scored the largest advance among the industrials, rising from 152 to 157 on the report that it had obtained the contract for the electrical equipment of the New York Central terminals. The rise in Amalgamated Copper was checked during the early part of the day by the announcement of another cut in the price of the metal, but the stock later recovered all its loss. The entire market closed strong at the highest prices of the day. Sales reached 900,000 shares.

On the Pittsburgh stock exchange there was an increase in business and a decided improvement in the tone of the market. The business was distributed among 17 securities, and with three exceptions they closed at net gains. The most active dealings were in Westinghouse Electric, which closed 1⅛ higher at 69¼. Steel preferred closed 1⅝ higher in sympathy with the rise in the east. Pittsburgh Coal preferred and Monongahela Light and Heat were fairly active and closed firm. Brewing common and Luster Mining closed at slight declines. Philadelphia Company did 5s advanced 1 per cent and Brewing 6s ½ per cent. The market closed firm.

NOTES AND COMMENT.

There is no distinct improvement in the demand for bonds in the local market, and prices of the standard issues are firmer at a considerable advance over recent quotations. Brewing 6s and Philadelphia Company old 5s were higher yesterday and River Coal 6s firm at the previous advance. Bond sales in New York reached $4,184,000 for the day.

The local money market is easier, and yesterday it was reported that banks were disposed to shade the prevailing 6 per cent rate on time loans. Additional relief came from a large brokerage house reported that it had been offered 6 per cent call money yesterday for the first time in three weeks. Brokers are borrowing freely from banks, and are whole are carrying a smaller line of securities on margin than at any time during the past two years.

The advance in Westinghouse Electric here was in sympathy with the strength of the stock in the east, where it closed at 69¾, and reached to 68¾ and rallied to 69 at the close. The highest price reached in Pittsburgh was 69¼, just as the market closed.

A Philadelphia dispatch estimated an increase of $2,000,000 in net earnings of Pennsylvania for October.

Tomorrow's bank statement is again likely to be favorable, the loss in cash to the subtreasury since last Friday amounting to less than $1,500,000. There have been moderate shipments of currency to the south, but the movement to the west has practically ceased.

National Fire Proofing common rallied to 5¾ and the preferred to 22. Crucible Steel common and preferred each closed at net gains of ¼ per cent.

The Procter & Gamble Company has declared a special dividend of 14½ per cent on its common stock. Treasury stock to the amount of $1,500,000 is to be offered holders of common stock may acquire it at the rate of one share to every seven shares of holdings. It will cost $100.

The weekly statements of both the Bank of England and the Bank of France were favorable, showing a decrease in loans and an increase in cash reserves.

The Monongahela Oil Company has declared the regular monthly dividend of 1½ per cent and an extra dividend of ½ per cent to stockholders of record November 17, payable November 20. The Monongahela Oil Company was organized in October, 1902, and paid regularly since organization monthly dividends of 1½ per cent. Last month the dividend was increased by paying an extra dividend of ½ per cent with the probability of keeping up the payment of the increased rate.

The statement of the Philadelphia Company for October, which was mailed to stockholders last night, shows an increase in gross earnings of $137,618, but a decrease in surplus of $18,127. The comparative figures are as follows:

NEWS FROM THE MINES.

Shipments from the Columbia mines at Alta have been temporarily stopped by a heavy snowfall.

Completion of the Yaeger mill at Bingham is delayed by a scarcity of skilled labor.

Superintendent Scott reports the discovery of 105 ounces in silver and 70 per cent lead in the No. 3 raise from the Lavinia tunnel in the Continental-Alta workings at Alta.

The Overnight Mining & Milling Company of Seattle is working the Great Northern, the Granite, the Emmett and the Oversight claims, which all have excellent mineral surface showings, cropping over a half mile. This is believed to be the southerly extension of the Belcher vein, which follows the Belcher mountain ridge and is traceable by outcrop and deduction for over a mile.

Capt. John Gray of the Crystal Mining Company announces that a smelter has been ordered for the Crystal mine and will be placed on the property and in running order, it is expected, in the course of 30 days. Partial arrangements for the installation of the plant were made at a meeting of the directors of the Crystal Mining Company held at the company's offices in Spokane.

The Wakefield concentrator was closed down for the winter, after a month's successful run. The concentrator has turned out two products, first, a lead concentrate running 65 per cent lead, 9 per cent zinc and 125 ounces of silver, seconds, a also concentrate running 45 per cent zinc, 2 per cent lead and about 70 ounces of silver to the ton. The lead product was shipped from time to time as produced, and was smelted in the local smelters. The zinc product has not yet been shipped, but there are 200 tons at the wharf that will go forward to the Iola, Kan., smelter in a few days. There is about as much more stored at the mine, which will not be shipped till next year, in the hopes that better treatment rates will be obtained, the product at present being altogether too much against the shipper.

The Pittsburgh & Montana Smelting Company of Butte, which recently purchased the John Olsen and Peter Berquist group of claims near Austin, 125 miles from Helena, has bought for $10,000 two adjoining claims, owned by John Olsen and W. G. Settles of Helena. The Olsen and Berquist group of claims has yielded considerable copper ore, which has netted a good profit. The Pittsburgh company will work the properties principally as a copper pyritic ores for its Butte smelter, now nearing completion.

While excavating a site for a blacksmith shop at the Mammoth group, on Goat mountain, 5½ tons of the richest silver-lead ore ever discovered in the Lardeau were taken out, says a Kaslo (B. C.) dispatch. Foreman Sid Graham came to Camborne from the canvas camps in which the ore will be stored, as it is too valuable to be left loose in the ordinary fashion. Assays of the unselected samples of the ore have been made, and they have given values of $390 to the ton, while others run all the way up to $722. The Mammoth vein has been opened to a depth of 600 feet, but winter's months work on the property has been chiefly confined to the building of winter quarters, packing in of supplies and brushing out a rawhide trail.

MORE RESIDENCES NEAR THE PARK

John Fite Will Build Six Fine Houses in North Highland District.

RESIDENCE SOLD FOR $20,000

John Fite, who has been foremost in developing the North Highland district, is having plans prepared for six more houses he will build there in the spring if the labor conditions are favorable. The houses will be built in Elgin avenue and Callowhill street, where Mr. Fite owns about 1,500 feet of frontage. Like the other residences he has built in this vicinity, they will be 12-room center hall pressed brick houses with hardwood finish and three bathrooms, and will cost $18,000 each. Four similar houses in Elgin avenue were completed this month, and one of them has already been sold. Of the 67 lots originally laid out in the Fite property adjacent to Highland park 37 have been sold, and nearly 20 high-class houses have been erected. The latest sale was of a lot 70x120 feet in Elgin avenue, near North Highland avenue, for $6,000, or $120 a front foot. The buyer is W. B. Straight of the McJunkin-Straight Dairy Company, who has commissioned Architects Dean & Stophlet to prepare plans for a colonial brick house to cost $10,000.

Residence Sale of $20,000.

The residence of W. M. Dick, situated on the west side of Graham street, near Friendship avenue, Nineteenth ward, has been sold to a prominent East End business man for $20,000. The house is one of several built in this neighborhood two years ago by D. W. Pershing, and is a colonial pressed brick dwelling containing 12 rooms. The lot is 50x100 feet. Mr. Dick has occupied the property some time as a home, for which the new buyer takes it. Several buyers were in the market for the property.

August Horst has purchased from Mrs. Louisa Quirk a hotel property on the south side of Braddock avenue, near John street, Braddock, for $36,000. The hotel is a three-story brick structure about five years old and stands on a lot 25x120 feet. It contains 20 rooms and will be furnished by the purchaser preparatory to his occupying the property. The land in this part of Braddock avenue are strongly held at considerably more than was paid for this lot, $1,200 a front foot, so that the price is regarded as reasonable by business men in general.

A Favorable Showing.

The statement of the Real Estate Trust Company, issued November 17, is evidence of the prosperity that has attended the real estate business the last few months. The total assets of the company are $7,144,968 07. At this date the company reported net undivided profits amounting to $436,823 54, and deposits of $2,638,139 84. Since January 1, 1902, the company has paid out $220,000 in dividends from its earnings. The banking department is increasing its list of clients rapidly.

Miller, Mason & Irvine is the name of a new real estate firm that has just opened offices in the Hamilton building. The firm will do a general real estate business and pay special attention to the marketing of properties at Cape May and South Sharon, both of which places are now enjoying healthy booms.

At a meeting of the Homestead Realty Company the following officers were chosen: J. M. Molamphy, president; G. M. Robinson, secretary; J. O. Miller, treasurer, and J. Merrill Wright, solicitor. A short time ago two vacancies were made in the list of officials by the resignation of P. O. Boyd as president and R. M. Pry as secretary, and the recent election was held to effect a reorganization of the company.

Buyer Made Known.

Tillie C. Werder proves to have been the buyer of the Friedman & Rosenfeld property on the east side of Sixth avenue, near Wylie avenue, which was sold a few weeks ago through L. A. Clark & Co. for $17,200. The lot measures 24x125 feet, making the price $717 a front foot.

Work on the new building of the Pittsburgh Free Dispensary in Federal street has been started under the supervision of Architect R. Maurice Trimble. The general contract was awarded to G. A. Cochrane and the brick work to T. T. Riffle. It is expected to have the building completed by April 1. Fowler: Murray Bros. sold for George Fisk to Mrs. Mary Jewell a farm of 76 acres in Fowler, Trumbull county, O., for $3,200.

Coleman street: John E. Lentz sold to J. C. & J. H. Trimbler an improved lot, 30x90 feet, in Coleman street, Twenty-third ward, for $5,000.

Claybourne street: John W. Hulbard sold to the Pittsburgh Ice Company a property 24x190 feet on the south side of Claybourne street, Twentieth ward, for $5,500.

Hoosac street, Elizabeth Martin sold to Robert M. Erskine an improved lot, 80x90 feet, on the south side of Hoosac street, Twenty-third ward, for $2,200.

Clayton Place: The Pittsburgh Trust Company sold to Mrs. Orlena Donahue a lot 25x100 feet on the south side of Idlewild street, Twenty-first ward, for $1,100.

The Drygoods Market.

NEW YORK, Nov. 19.—The drygoods market is considerably more on the quiet order with buyers uncertain in their actions, while sellers are still standing very firm in their position of demanding higher prices on certain lines and against granting any concessions whatever. The jobbing trade is only a moderate business, but stocks are generally in satisfactory condition.

FLOUR MARKET FIRM WITH GOOD DEMANDS

New Kiln-Dried Jersey Sweet Potatoes—Hay, Rye Straw and Shell Corn Advance.

The flour market is firm with a strong demand. An advance of 10 cents was made by the mills yesterday, but the local wholesale dealers made no advance. The active wheat market with higher prices is affecting flour, and an advance is probable. Groceries and canned goods in general have a firm market. A slight decline in syrup will be noted in the quotations.

New kiln-dried Jersey sweet potatoes are due to be on the market this morning. It is said that the prices will range from $3 50 to $4 a barrel. There is a good market for Virginia sweet potatoes and white potatoes. Fresh Lima beans are about done and California grapes will run about another week. The poultry and game market is fair. There is a better demand for rabbits than anything else at present in this line.

The grain market is firm and more confidence was yesterday felt at the exchange than in several days. No. 1 clover hay is quoted 50 cents a ton higher and rye straw has taken the same advance. Both commodities are quoted at $12 to $12 50 a ton. Corn was brisker yesterday and No. 2 yellow shelled is ½ a cent higher.

Coffee and Sugar.

NEW YORK, Nov. 19.—The market for coffee futures opened steady at unchanged prices in keeping with featureless foreign news, and during the greater part of the session ruled quiet and practically unchanged. CHICAGO WHEAT MARKET CLOSED DAY UNCHANGED

Little Strength Exhibited Owing to Disappearance of Bullish Sentiment in Northwest.

[By Associated Press to The Gazette.]

CHICAGO, Nov. 19.—Wheat ruled strong early in the day on active support from a prominent operator, and influenced some by higher cables, and after opening a shade lower, December advanced to 79¾c. Northwest traders seemed to have wheat for sale and on the advance there was considerable realizing by local longs and while there was a fair demand, the buying was not sufficient to prevent a loss of the early gain. December reacting to 78¾c. Shorts covered quite freely on the decline and prices again advanced but the market showed little strength the latter part of the session. Primary receipts were 1,365,800 bushels against 1,296,100 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 1,060 cars against 941 cars last week and 1,0601 cars a year ago.

Corn receipts dropped off materially in spite of excellent weather for the movement, and this fact was the chief factor in supporting prices. There was considerable covering early in the day and the market ruled strong, but later on selling by provision interests a weaker tone developed. Local receipts were 84 cars, none of contract grade.

December oats were in fair demand from shorts throughout the day and with only small offerings the market ruled strong at times, but selling and realizing forced prices down. Small receipts and an improvement in shipping demand were bull factors. Local receipts were 121 cars.

Provisions sold over a narrow range of prices and the volume of trade was small and mostly for local account. There was a small advance at the start on higher prices at the yards, and that better tone was maintained throughout the day. January pork closed 5c higher at $11 52½; January lard were each 7½c higher at $6 72½, and $6 17½.

Estimated receipts for tomorrow: Wheat, 200 cars; corn, 120 cars; oats, 180 cars; hogs, 22,000 head.

The leading futures reported by John D Armstrong & Co., members of the Chicago Board of Trade, Farmers Bank building, are as follows:

LITTLE ENCOURAGEMENT IN OIL DEVELOPMENT

Nothing but the most ordinary producers and a considerable number of dusters were completed in the Lower Southwest oil fields yesterday.

In the north end of the Folsom district in Wetzel county, W. Va., the South Penn Oil Company has drilled its No. 2 on the C. E. Robinson farm 48 feet into the stray sand and has a light show of oil in that formation. The same company has completed its test on the E. N. Bennett farm and will have a small pumper. In the Littleton district, Stuart & Newman have drilled their test on the Jolliffe Bros. farm into the Big Injun sand and have a good gasser. On the east side of the Folsom district in Harrison county, the Delmar Oil Company's test on the William S. Straight farm is showing for a 60-barrel producer. In the Salem district, in the same county, the South Penn Oil Company's No. 2 on the W. A. Rogers farm is holding up at 200 barrels a day. In the same district, No. 1 on the T. D. Rogers farm is producing 120 barrels a day.

In the fifth sand development in the old Fairview district, Marion county, the South Penn Oil Company's No. 2 on the Vincent heirs' farm has filled up 2,500 feet with fluid from the fifth sand and will make a good producer.

West of Weston, Lewis county, Lloyd Rinehart & Co. have drilled their test on the Stokes Tunstill farm through the fifth sand and have developed a small gas pressure. Two miles north of Mooresville, Monongalia county, the Virginia Oil & Gas Company has drilled its test on the B. A. Greer farm through the sand and developed a small show of oil. It will scarcely make a 3-barrel producer.

On the Ohio side in the Lewisville district in Monroe county, Goldstein & Co. have drilled their test on the C. C. Newhart farm through the Big Injun sand and have a new for a 10-barrel pumper. In the Joy district, Morgan county, the Midland Company has completed its No. 200 on the S. E. Davis tract and has a duster. No. 210 is drilling in the sand and showing for a light pumper. Nos. 211 and 212 are drilling.

In the Dexter Hill district in the same county, A. A. Cameron has completed his No. 29 on the Henry Bowman farm and has a 5-barrel pumper. In the same district, C. N. VanLaw has completed No. 6 on the Mary Metzgar farm and has a duster. In the Jackson Ridge district, Monroe county, the Pure Oil Company has completed No. 3 on the D. W. Dougherty farm and has a 3-barrel pumper in the Keener sand.

In the Plum Run district, Harrison county, Moore & Simmons have completed a test on the Samuel Arthurs farm and have a small pumper. In the same district the Southern Oil Company has completed its No. 21 on the J. G. Law farm and has a 5-barrel pumper. The Ohio Consolidated Oil Company has completed No. 7 I. T. Rainsberg, No. 2 McCauley heirs' and No. 11 Isaac Miller. They are all small pumpers, good for 5, 2 and 5 barrels, respectively. In the Knowlsville field in Jefferson county, the Consolidated Oil Company, Inc., has completed Nos. 2 and 3 on the Charles Walt farm. No. 2 is a duster and No. 3 is producing 40 barrels a day. The show of oil developed in the E. H. Jennings & Bros.' second test on the M. & H. P. Smith farm was so light that it will be abandoned without giving it a swabbing. Collins & Co. have completed their test on the Paul Collins farm and have a duster. This location is southwest of Empire.

In the local fields few wells are now being drilled in. Near the Leight farm producer above Undercliffe, Allegheny county, several wells are drilling on the Colpetzer farm. The Leight farm well is a great surprise as a producer. It is still holding up at 110 barrels a day. South of Burgettstown, Washington county, the Southern Oil Company & Guffey Oil Company have their test on the Alexander Hays farm and have given it a shot. It is showing for 15 or 20 barrels a day. The same company is drilling No. 2 on this farm and has the rig completed for No. 3. Near Leetsdale, Beaver county, Galey Bros. have drilled their test on the Ross Dunn farm through the sand and have a duster.

Reduced Hours for Shopmen on the Pennsylvania Railroad

Orders have been issued by the Pennsylvania railroad reducing the number of hours in the shops from 10 to 9 hours per day. The order becomes effective on and will effect from 10,000 to 15,000 men. Whether or not the shops at Altoona will be included is not known here. The order came from A. R. Smith, superintendent of motive power at Altoona, to the superintendent of the Pittsburgh division.

Officials are not discussing the reduction of hours is not unusual at this time of the year. The reduction will mean the saving of thousands of dollars every day to the company. The greatest hardship will be felt at Altoona, where are large car shops, roundhouses and ensine houses. The plants at Twenty-eighth street will also be on a nine-hour basis.

Similar action is taken by the Baltimore & Ohio a week ago. No action has yet been taken on the lines west.

Standpipe Signal Light.

George Ehrenfeld, supervisor of the Pittsburgh division of the Pennsylvania railroad with headquarters at Carlton, has devised a signal light for stand pipes. The pipes are equipped with an automatic lock-nut arrangement to hold the movable arm parallel with the tracks when not in use and which, when released, allows the arm to swing across the tracks over the engine tender. It often happens that the device fails to lock and the wind blows the arm across the track. As this arm will allow a train to clear, serious accidents sometimes occur. To warn the engineers Ehrenfeld proposes placing white and red signal lights on the pipe.

Pennsy's Stockholders.

Of 12 representative railway systems of the United States the Pennsylvania heads the list with the largest number of shareholders and shows the largest increase during the past year. The company now has 41,500 stockholders or about 10,000 less than the United States Steel Corporation. In 1902 it had 27,870 stockholders. The Union Pacific has 14,150, the New York Central, 12,000; the New York, New Haven & Hartford, 10,760; the Illinois Central, 9,000; Baltimore & Ohio, 8,600; Erie, 5,230, and the Norfolk & Western, 2,725.

RAILROAD NOTES.

Whether or not lake sailors will be granted reduced rates will be determined by the Chicago eastbound committee.

The new schedule of the Pennsylvania railroad is now in the hands of the printer. It will be effective November 29.

Decatur has been temporarily left out of the extension rate sheet of the Central Passenger association to oblige the Wabash.

J. T. Richards, chief engineer of maintenance of way, has completed an inspection of the Pennsylvania's Klondyke lines.

The Gopher express is to be the name of the new train of the Great Northern between Duluth and Duluth. It will be the fastest train in Minnesota.

Mother's Letter Saves Two Boys from a Term in the Penitentiary.

CONTRACT LIABILITY AT ISSUE

Dr. Walter P. Kounts, serving a five-year sentence in the penitentiary for killing Contractor J. E. Walsh on May 9, 1902, will apply for a pardon at the next meeting of the board. The papers are now being prepared and a petition signed by a number of prominent persons will accompany them.

Gordon and Harry Bailey, brothers, were sentenced to two years and nine months in the workhouse, and John Sankey, indicted with them, was sentenced to one year and nine months. All three prisoners are in their teens. They were convicted of house-breaking. In passing sentence Judge Rodgers said he had received a letter from the mother of the Bailey boys, and continued:

"This is the only thing that keeps me from sending you each to the penitentiary for six years, as I should do."

James and John Kamp were acquitted of burglarizing, but were convicted of simple assault upon Policeman W. S. Wess, who arrested them. They said they did not know Wess was an officer.

George J. Krohe, a butcher at No. 707 Braddock avenue, Braddock, and John Pfirman, a Homestead butcher, were each fined $50 for adulterating sausage.

A medical commission has been appointed to inquire into the sanity of George Melere, sentenced to be hanged for killing his brother-in-law, Samuel F. Shafer.

Charles Groggins was called for trial for killing William Bliss in a fight in McKeesport. The indictment was defective, and will be returned to the next grand jury for action.

David P. Black, in his answer to the suit of the heirs who owned a portion of the site on which the Nixon theater is being built, says he is ready to pay the $40,000 in dispute into court, there to remain until all the heirs have signed and have given him a valid deed.

The liability of a party to a contract when an unforseen accident prevents the fulfillment of the contract is the issue in the suit of John S. Colvin of Pittsburgh against the National Pure Food Company, Limited, of Grand Rapids, Mich., on trial in the United States court. Colvin was the agent of the company for a breakfast food, and took a large number of orders. These the company was unable to fill on account of a fire that destroyed the plant. Colvin says he had to make good a number of coupons calling for premiums and that he was damaged about $7,000.

GERMAN LOYALTY AIDED THE UNION

President Makes Complimentary Speech to Delegation of That Extraction.

HE RECOUNTS THEIR SERVICES

[By Associated Press to The Gazette.]

WASHINGTON, Nov. 19.—President Roosevelt received today about 150 representatives of the German societies of Washington to whom he delivered a brief address. The delegates called on the president to announce the opening next Monday evening of their celebration of the 250th anniversary of the founding of Germantown, Pa., and to ask him to participate in it. The president will press an electric button at the White House which will flash in electric lights the opening of the celebration in Convention hall. President Roosevelt addressed the delegates as follows:

The German element in our citizenship has always taken part in all crises of our national life. From the beginning of our colonial history to this day the German strain has been constantly increasing in importance among the many strains that go to make up our composite national character. I do not have to repeat to you the history of the early German immigration to this country—the German immigration that began in a mass toward the end of the seventeenth century but before that time had been represented among the very first settlers.

Allow me to give you one bit of ancestral experience of mine. The first head of the New York city government, who was of German birth, was Leisler, in about the year 1690. He was the representative of the popular faction in the New York colony of that day, and among the Leislerian aldermen was a forbear of mine named Roosevelt. You are entirely familiar, of course, with the German immigration that went to the formation of Pennsylvania from the beginning. That element was equally strong in the Mohawk valley in New York; it was equally strong in Middle and Western Maryland. For instance in the revolutionary war one of the distinguished figures contributed by New York to the cause of independence was that of the German Herkimer, whose fight in the Mohawk valley represented one of the turning points in the struggle for independence; and one of the New York counties is now named after him.

The other day I went out to the battlefield of Antietam in Maryland. There the memorial church is the German Lutheran church, which was founded in 1768, the settlement in the neighborhood of Antietam being originally exclusively a German settlement. There is a list of its pastors, and curiously enough a series of memorial windows of men with German names—men who belonged to the Maryland regiment recruited largely from that region for the civil war, which Maryland regiment was mainly composed of men of German extraction. In the civil war it would be difficult to paint in too strong colors what I may well nigh call the all-importance of the attitude of the American citizens of German birth and extraction toward the cause of union and liberty, especially in what were then known as the border states. It would have been out of the question to have kept Missouri loyal had it not been for the German element. It was the German portion of the city of St. Louis which formed the core of the union cause in Missouri. And but little less important was the part played by the Germans in Maryland, and also in Louisville and other portions of Kentucky.

If it were proper in addressing a body representing various creeds and shades of religious belief, I should ask you all to attend service next Sunday in my church, which happens to be the German Reformed church. They have not a Dutch Reformed church here, so I go to the nearest to it.

Each body of immigrants, each element that has thus been added to our national strain, has contributed something of value to the national character; and to no element do we owe more than we owe to that element represented by those whom I have the honor this day of addressing.

The president extended a cordial personal greeting to each one of the delegates.

Respite for Buck Saunders.

Gov. Samuel W. Pennypacker issued a respite for Buck Saunders, who is under sentence of death for the murder of John Markoff in June, 1902. The execution of the condemned man has been postponed from December 1 until January 28. Saunders has consumption, and his death is expected almost any time. No action was taken by Gov. Pennypacker in the case of George Meier, under sentence to be hanged December 15. It is expected Meier will be adjudged insane and imprisoned for life. Meier killed his brother-in-law, who was blind.

Queen City Again to Go to Mardi Gras.

The steamer Queen City will make another trip to the Mardi Gras at New Orleans and she probably will run annually, according to a decision of the Pittsburgh and Cincinnati line. She is scheduled to leave February 6 and return February 27, which is eight days earlier than last year. Mardi Gras day will be February 16, and the steamer is due to arrive in the Crescent city three days previous. Last year 124 persons were taken, and just that many will go this year. Capt. J. F. Ellison again will be in charge.

Three Killed by Dynamite.

KASKASKA, MICH., Nov. 19.—(Special)—Three men were killed and two others hurt this morning by an explosion at the village of Sharon, 25 miles from here, during the progress of a fire. The village store caught fire from an overheated flue and while those now dead and injured were trying to extinguish the flames a quantity of dynamite exploded, with the above results.

There are two kinds of emulsions of cod liver oil—Scott's and all the others. Not one of the latter is as valuable as Scott's Emulsion and there's a reason for it. Only the purest ingredients enter our Emulsion and its quality never varies. That is why it helps when all others fail.

There's not much oil in the market now; it's scarce and high in price. But seal oil and other inferior oils are cheap and plentiful. That's why you can buy so many substitutes for Scott's Emulsion at a lower price.

We guarantee our Emulsion to be the best remedy for weak lungs, low vitality and wasting conditions. Who guarantees the others?

We'll send you a sample free, upon request.

ITALIAN SOVEREIGNS ARE WELCOMED IN LONDON

Lord Mayor and Members of English Royal Family Extend Hearty Greeting.

[Associated Press Cable to The Gazette.]

LONDON, Nov. 19.—The welcome of King Victor Emmanuel and Queen Helena of Italy to London, as the guests of the lord mayor and corporation, today, was of a remarkably cordial character. From the moment of their arrival at Paddington station, except when traversing Hyde park, the royal procession passed beneath one long canopy of bright colors, enhanced here and there by triumphal arches. Each side of the route was fringed by troops, behind whom thick masses of people gave the royal guests a splendid reception.

The king and queen reached the Italian embassy, where was stationed a guard of honor of Garibaldian veterans. At the embassy they held a reception and received addresses from the Italian colony.

The cortege reformed and the Italian king and queen, after half an hour's procession through bedecked streets, reached the Guild hall. They were greeted by a distinguished gathering, including the prince and princess of Wales, the duke of Connaught, the duke and duchess of Argyll, and other members of the royal family, and many cabinet ministers, peers, and members of the house of commons.

The lord mayor, Sir James T. Ritchie, met the guests at the entrance of the historic city hall and conducted them to the library, where the corporation's address was presented in a gold casket, expressing lively satisfaction at the visit of King Victor Emmanuel and Queen Helena as a pledge of the continuance of the friendship of Italy and Great Britain, and recalling with pride the visit of the former King Victor Emmanuel to Queen Victoria.

King Victor Emmanuel replied to the lord mayor, thanking him in behalf of himself and the queen for the splendid hospitality extended to them and for the address of welcome.

The Italian king and queen left the Guild hall to return to Paddington station, where they took a train for Windsor, which they reached at 4:35 o'clock, and drove to the castle.

At the convocation of Oxford university today the degree of doctor of civil law was by diploma conferred on King Victor Emmanuel.

Property for Bridge Approaches.

Director Edward M. Bigelow of the department of public works said yesterday that the city had acquired nearly all the property needed for the construction of the South Side approaches to the Twenty-second street bridge. He said there would not be much ground out of which to make a park, as the Carnegie branch library will occupy a whole square of the ground.
